**ON THE COVER:** Darrell Keller, Oklahoma State 142-pounder who won "Outstanding Wrestler" honors in the 1971 championships by defeating the 1970 winner, Larry Owings of Washington, in the finals. Darrell and twin brother Dwayne, himself a former recipient, were named "Sportsmen of the Month" for March, 1971, by the Daily Oklahoman, as they led OSU to the team championship. Plagued by injuries in his senior season, Darrell had wrestled only ten matches (two losses by default) prior to the competition at Auburn. The Kennewick, Wash., native was national junior college champion in 1967 at 130 pounds while attending Columbia Basin CC in Pasco, Wash., and had won the collegiate 134-pound title in 1970.

# Iowa State's Cyclones Ominous Threat In Wrestling's 1972 Weather Forecast

By **BOB DELLINGER**

*Sports Editor, The Daily Oklahoman and Oklahoma City Times*

Everybody talks about the weather, but . . .

Everybody in college wrestling's world will be talking this season about the Cyclones of Iowa State, but can anybody do anything about them?

The form chart says no. The form chart says Iowa State will win its third national championship in four years.

But the form chart didn't ask Michigan State, which figures to do more than talk about the championship. And it didn't ask Oklahoma State, which isn't going to abdicate its crown without a struggle. And it didn't ask Washington or Oregon State or Navy or Penn State.

So, while everybody's talking about the Cyclones, half a dozen storm centers around the country will be trying to brew up some turbulence by the time the 1972 NCAA tournament blows into the University of Maryland's Cole Fieldhouse in mid-March.

**IOWA STATE "REBUILT" IN A HURRY** after heavy graduation losses from its 1969-70 championship double. The Cyclones placed a solid second to Oklahoma State in both the Big Eight Conference and the NCAA in 1971 after an unbeaten dual season including two conquests of the Cowboys.

The Cyclones return every single one of their 66 tournament points.

The big men, of course, are champions Carl Adams at 158 and Ben Peterson at 190, coming up for their senior years. Then I-State has 177-pounder Al Nacin, the highest ranking freshman of '71 with a second-place finish, and 134-pound senior Phil Parker (third).

Nacin wasn't even a regular during the season, with Keith Abens spark-

ling at 167 until he was felled by an injury and Rich Binek holding the 177-pound slot until he dropped down to replace Abens. Both Abens, a junior, and Binek, a sophomore, also return—which should make for some interesting ranking bouts at Iowa State.

Coach Harold Nichols' Cyclones are solid, and usually two deep, at every position except 118, where both Steve Lampe and Norm Wilkerson depart, and 150, where Big Eight

champion Dave Bock is gone. Also a 1971 graduate is heavyweight Len Thompson, but 250-pound Geary Murdock returns for his junior year.

And Iowa State expects a BIG lift from former junior college champion Chris Taylor, who at 6-7 and a mammoth 415 pounds, is probably the largest competitive athlete in the world.

**MICHIGAN STATE KEEPS ABSOLUTELY EVERYBODY** from its third place team. But the Spartans, starting with 44 points, are going to have to develop more national tournament punch to go with the balance which is producing a seemingly endless string of Big Ten Conference titles.

Greg Johnson, 118-pound senior, will seek his third straight NCAA championship and will be backed by 190-pound junior Dave Ciolek (fourth) and junior heavyweight Ben Lewis (fifth).

Junior Tom Miklovich, a 134-pound medalist in 1970, has to rank among the nation's best on his 22-3 record. Gerry Malecek, who won 20 of 25 at 167 pounds, and Mike Ellis, 18-5 at 142, add luster to the Spartan lineup which has experience and ability at every position.

"We think we have the personnel that can win the national title," says coach Grady Peninger. "We've just got to peak at the right time."

The Ghost of Champions Past is enough to scare the dickens out of most teams, but it will take more than tradition to keep Oklahoma State at the pinnacle after overwhelming graduation losses.

To bid for its 28th championship in 42 years, O-State must replace two-time champions Darrell Keller at 142, twin brother Dwayne Keller at 134 and Geoff Baum at 177, three-time medalist Ray Stapp at 118 and "heavyweight" Jim Shields, who pinned the third-place medal to his spare 187-pound frame. Collectively, their career totals were 226-23-3.

**DWAYNE KELLER WAS THE NCAA'S OUTSTANDING PERFORMER** in 1968 and Darrell won the same honor in 1971 by defeating Larry Owings of Washington in a battle of champions for 142-pound laurels.

Although only 29 of 94 tournament points return, the Cowboys won't be riding to the roundup with empty six-guns.

First of all, there's 126-pound champion Yoshiro Fujita coming up for his senior year. He was unbeaten and almost unchallenged in 28 bouts last season. Runner-up Jay Arneson, 150-pound senior, also returns.

Redshirts Ron Thrasher at 118 and Mike Riley at 134, both Big Eight champions of 1969, are of proven national caliber. Dave Domnick, a sturdy 142-pound junior, rounds out another awesome front five.

The upper weights admittedly pose a problem for coach Tom Chesbro. But there's Big Eight champ Don Carder, dropping from 167 to 158, along with a number of promising prospects.

"We have some young men in the wrestling room the public hasn't seen yet," says Chesbro. "And our freshman recruits are outstanding. We might surprise some people."

**THE BIG SURPRISE, HOWEVER**, could be lurking up in the top left corner of the map. Washington and Oregon State both hope to capture the first championship ever for the West.

Washington leaves no doubt it has arrived in the big time, but Jim Smith's Huskies don't intend to stop with their eighth-place finish.

Start with Owings, the giant-killing 142-pound champion and outstanding wrestler of the 1970 meet. Shorn of both titles by Darrell Keller in '71, Owings takes a 60-3 career record into his final year.

**BOY, DO I HAVE A HEADACHE**—Ashland's Dave Stewart probably wishes he could take an aspirin in this match against Greg Archer of Marshall.

Two more medalists are 158-pound senior Don Pleasant (fifth at 150) and 150-pound junior Hajime Shinjo (sixth at 158). They switched weights just before the 1971 tournament and the Huskies now feel it was a mistake—that both can improve on those finishes. Junior Bill Murdock at 167 further strengthens the middle, but Washington has some gaps to fill.

**A YOUNG OREGON STATE TEAM** was regarded as “a year away” in 1971, but still tied for fourth place, only one point behind Michigan State.

Mike R. Jones, returning as a junior, hammered out second place at 158 with impressive victories over two favorites. Senior Jim Crumley (177), runner-up in 1970, settled for fifth after being pinned by Nacin of Iowa State in a semifinal bout which saw Crumley amass an 11-1 lead.

Roger Weigel, the 134-pound champion who dealt Dwayne Keller his only defeat in 65 career outings, is gone, but coach Dale Thomas' Beavers return good strength and balance, bolstered by Steve Thomas at 150 and Greg Strobel at 190.

Navy and Penn State again should be the class of the East.

Navy returns 118-pound runner-up Tom Schuler, beaten only 6-5 by Johnson of Michigan State, and fourth-place Lloyd Keaser, loser to Darrell Keller on a judges' decision in the 142 semis. Coach Ed Peery welcomes back six other regulars, including 134-pound Eastern champion Andy Tolk, and the academy's plebe (freshman) team was undefeated.

**PENN STATE HAS A STRONG 1-2 PUNCH** in 167-pound champion Andy Matter and heavyweight runner-up Dave Joyner, both seniors, but the Nittany Lions have some rebuilding to do.

Coach Bill Koll will have to find replacements for three-time Eastern champ Clyde Frantz at 158, along with Dana Balum at 134, Don Stone at 150 and Jim Crowther at 190. Penn State tied Oregon State for fourth place in '71, but will have trouble this time staying ahead of Navy, which finished in a tie for ninth.

Cal Poly (San Luis Obispo) will continue to “own” the College Division and will rack up its fifth straight championship and sixth in seven years

despite the departure of university medalists Lee Torres (third at 142) and John Finch (fourth at 158).

From its CD runaway of '71, Cal Poly returns 81 of 118 points. Included are seven juniors who will embark on their third season together as varsity regulars. Heading that list are CD champion Gary McBride at 118, runner-up Larry Morgan at 134 and two-time medalist Glenn Anderson.

**THE MUSTANGS TUNE** up for tournament competition by wrestling the toughest schedule they can find. This year, they'll meet Iowa State, Oklahoma State, Oklahoma, Washington, Oregon State, Portland State and Oregon—all away from home.

Quality will be the hallmark of the 1972 championships. Seldom, if ever, have so many All-Americans returned to defend university championships or to seek brighter medals.

Seven of the 10 NCAA champions of 1971 will be back, plus seven of the 10 runners-up. Of the 40 lesser medalists, 27 will be ready for another round. Only one weight class, 134, loses both finalists.

Another contributing factor to quality—less tangible, perhaps, but still evident—is the regional qualifying plan continuing in force.

Observers of the '71 tournament at Auburn agreed that the caliber of competition was higher throughout the three days and most attributed that gain, at least in part, to the qualifying system which eliminated many of border-line skills before they reached the championship meet.

**BUT DISSATISFACTION WAS EXPRESSED** with the original plan of seven qualifying tournaments plus direct selection from the CD meet.

Principal objections were: (1) Addition of another important tournament near the end of the season disrupted schedules; (2) The importance of long established conference tournaments was clouded because they had no stature in determining the NCAA field; and (3) The rapid succession of major events—conference, regional and national (often wrapped around scholastic exams)—forced contestants to "peak" too many times in a short period of time.

All three drawbacks were weighed and apparently overcome in the modified plan drafted by the wrestling rules committee.

The revised plan calls for direct qualification from the major conferences with the only two regionals remaining as outlets for independent schools and members of conferences with limited wrestling programs.

As in the original plan, the tournaments were "weighted" on the basis of past achievements in the national meet.

**SUCH PERENNIAL POWER SOURCES** as the Big Eight, the Big Ten, the Pacific Championships and the Eastern Intercollegiate will qualify four medalists each to the NCAA tournament. The College Division and other conferences will advance from one to three each, depending on the formula.

Independents will be grouped in two regionals, the East at Lock Haven and the West at Air Force Academy.

At the nationals, each weight will embrace 36 qualifiers. If natural attrition doesn't cut the brackets to 32, a few "shirt-tail" preliminaries will be required. Seedings remain in the hands of the rules committee, and no seeded wrestlers will be drawn into the preliminaries.

As in 1971, the qualifying plan is expected to have little or no effect on team capability. The teams with good balance will be represented by full or nearly full squads as in the past. Those with one or two outstanding individuals, but little depth, will find their stars in the tournament and

the rest, unlikely to figure in the team race anyway, staying at home.

Several more significant changes in the rules were adopted for 1972 and all should work toward higher quality competition.

Perhaps the most significant is a change in the consolation bracketing. Less stringent restrictions on qualifying for consolations will throw more good wrestlers into the struggle for third through sixth place medals.

In the past, only those wrestlers beaten by a finalist were bracketed in the consolations. Now those wrestlers beaten by any of the four semifinalists qualify for a chance at the medals.

Other changes provide concrete rewards for continuing activity.

A decision by 10 or more points will add one-half point to the team score (a fall adds a full point). The temptation to sit on an eight or nine-point lead in the closing seconds should be eliminated.

A two-point predicament held for five seconds becomes a three-point near fall, adding to the incentive for turning an opponent over.

To establish activity incentive on a year-long basis, changes were made in dual meet scoring. Ten-point decisions will be worth four team points (instead of three) and falls are boosted from five to six points.

Riding time, the advantage of controlling an opponent without necessarily

doing anything to endanger his shoulders, is reduced from a possible two points to one.

To the "sometime" fan, none of these will be particularly evident, and might not even seem important. But the cumulative effect of the changes is intended to—and should—produce more activity, more endeavor over longer periods of time. They will lead to better competition, hopefully, and that's the name of the game.

**RULES CHANGES**—good, bad or indifferent—never have had much effect on good teams or good wrestlers. So nothing done in the back of the book is going to affect the power structure on the mat.

The spotlight, as usual, will be on the Big Eight Conference. It will be Iowa State, Oklahoma State and Oklahoma, not necessarily in that order.

Oklahoma, shut out of King Row for the first time in 18 NCAA tournaments in 1971, still managed sixth place with four medalists.

Gone are 158-pounder Larry Laush (fifth) and heavyweight Bill Luttrell (sixth), but most of the young Sooner squad returns.

Top hope for a national championship is little Gary Breece, who placed third as a freshman at 118. Another sophomore-to-be, Mike Gilpin, showed flashes of late-season promise and could develop into a ringleader at 150. Bill Beakley, fifth in 1970 at 142, missed the NCAA because of injury, but is a seasoned performer, as is two-time medalist Tom Corbin at 167.

Elsewhere, the powerful midlands circuit offers a smattering of individual stars, headed by Colorado junior Bill Bragg (third at 190) and Nebraska senior Joe George (sixth at 167).

**IF ANYBODY CAN GIVE MICHIGAN STATE** a real scare in the Big Ten, it will be arch rival Michigan, which returns 10 of 12 lettermen and appears solid at eight weights. A strong freshman crop will help.

Sophomore Jarrett Hubbard, 150, hopes to improve on his fourth place finish. Jim Hagen, senior 126-pounder, was sixth and junior heavyweight Rick Bolhouse was unbeaten (with five draws) before injury struck.

Iowa, the conference runner-up but a wipe-out victim of the toughest 1971 regional, will be back in contention with such standouts as 118-pound junior Todd Rhoades and 167-pound senior John Evashevski.

All the power in the upper Midwest isn't confined to the Big Ten. The Mid-American again offers strong teams Toledo and Ohio.

Toledo is bulwarked by heavyweight champion Greg Wojciechowski, who takes a 41-1 career record into his senior year. That loss came in the 1970 NCAA finals. Two-time medalist Ron Junko (134) has departed.

Ohio U. burst on the scene by placing 11th, only two points out of the top ten. Two-time medalist Bruce Trammel is gone at 158, but junior 177-pounder Russ Johnson, also third in 1971, returns. The Bobcats lose only three regulars and retain good balance. Bruce Hosta, dropping a notch to 158, will be a contender.

**OTHER INDIVIDUAL STANDOUTS** in the midlands include Illinois State senior Eric Bates (fifth at 167) and North Dakota State senior Bill Demaray (sixth at 177). Both were college division champions.

The two front-runners in the West face stiff challenges.

Always-tough Portland State returns fourth-place heavyweight Wayne Karney, a 290-pound senior, and 11 other lettermen. Junior Johnson, third at 167, will be hard to replace, but senior Bob Bergen at 142 and junior Marlin Grahn at 150 provide a strong nucleus for another top ten finish.

*BREATHLESS MOMENT—Cal Poly's Gary Maiolfi finds himself in uncomfortable position in College Division 190-pound finals. North Dakota State wrestler Bob Backlund has the upper hand here, and Backlund won title with 5-0 decision.*

WAC power Brigham Young, led by 134-pound junior Laron Hansen (fifth) and three Fehlberg brothers, has balance, depth and experience.

On the eastern slope of the Rockies, twin-engined Air Force has emerged as a team of national caliber. The flight pattern is focused on junior twins Ken Donaldson, second at 126, and Kirt, fifth at 118.

**OTHER RETURNING MEDALISTS** in the West include 126-pound UCLA senior John Meikle (fourth) and 118-pound Arizona junior Dale Brumit (sixth). Fourth-place 177-pounder Dave Van Meveren of New Mexico has departed.

In the East, long-time power Lehigh bounced back into prominence in 1971 with a seventh-place NCAA finish and figures to challenge again despite the loss of national runner-up Steve Shields at 167 and two other consistent winners in Scott Christie and Dave Waters.

Junior 126-pounder Greg Surenian (third), senior 190-pounder Tom Hutchinson (sixth) and capable 150-pounder Herb Campbell head the returnees for the Engineers.

Pittsburgh, all but wiped out by injuries last season, will try again to regain its former stature. Because of the youth of the team which started the '71 campaign, the Panthers must be considered a dark horse threat.

**MANY OUTSTANDING INDIVIDUALS** are scattered throughout the East.

Foremost of these is 150-pound national champion Stan Dzedzic of Slippery Rock, who carries a fantastic 78-1 career record into his senior season. Dzedzic was third in the 1970 tournament and has won two College Division championships and an outstanding wrestler award.

Also returning are 190-pound Harvard junior Ritchie Starr (fifth), 134-pound Army senior Bill James (sixth) and 150-pound West Chester junior Paul Gillespie (sixth).

The long range forecast warns of Cyclones, but a lot of people don't pay much attention to the weatherman. They just wait to see what blows in.

**NATIONAL COLLEGIATE CHAMPIONS:** Front row, from left—Roger Weigel (Oregon State), Darrell Keller (Oklahoma State), Geoff Baum (Oklahoma State), Yoshitro Fujita (Oklahoma State), Greg Johnson (Michigan State); back—Greg Wojciechowski (Tledo), Ben Peterson (Iowa State), Carl Adams (Iowa State), Andrew Matter (Penn State), Stan Działdziej (Slippery Rock).

## NATIONAL COLLEGIATE CHAMPIONSHIPS

# 187-Pound 'Heavyweight' Sparks Rout As OSU Cowboys Rope 1971 Team Title

By WAYNE BISHOP

Sports Writer, The Tulsa Daily World

Records broken and not broken, an unusual abundance of "big names" and a pair of stunning upsets in the championship finals should have been enough to rate as the highlights of the 1971 NCAA wrestling championships held at Auburn University last March.

But the man who may have done more to decide the team title which Oklahoma State carried away, and at the same time captured the fancy of the more than 25,000 fans who attended the six sessions, was a 187-pound heavyweight who finished third.

Mainly because of the astounding upsets of Oklahoma State's Jim Shields, those fans were able to concentrate solely on the offensive fireworks displayed in gold medal matches between Dwayne Keller and Roger Weigel at 134 and the 142 classic which pitted against each other a pair of returning kings, Darrell Keller and Larry Owings.

**ONLY 16 TIMES PREVIOUSLY** in the 40-year history of the national wrestling championships had the title team finished with more than a 10-point spread. But Shields turned the 41st tourney into a rout with one day to go, when he won a unanimous referees' decision over Iowa State's 250-pound Geary Murdock in the quarterfinals.

The reversal of a 6-2 defeat in the District V finals not only doused a promising rally by the Cyclones, but gave the Cowboys the morale boost which every NCAA victor has to have along the way somewhere.

OSU then went on to send five men into the finals, with three taking individual crowns. Shields bowed out in the semis to eventual titlist Greg

Wojciechowski (2-1), but came back to take third with a one-point decision and a split referees' verdict in the heavyweight consolation finals.

**AFTER CLINCHING** a tie for the team title Friday night when Iowa State's 126 Larry Munger was pinned in only 36 seconds by Michigan's Jim Hagan in the consolation semis, Oklahoma State surged on to a 94-63 final spread over the two-time defending national champions.

With the predicted tight

*Probably few of the writers covering the 1971 NCAA championships could make the same claim Wayne Bishop could make—he has never covered a national wrestling championship where there was snow on the ground.*

*The first tourney held in the Deep South, it was also the first for this Tulsa Daily World sportswriter.*

*After "stringing" for the World for four years, Bishop went full-time in September, 1970. He had been in the weekly newspaper field.*

*The 28-year old native Tulsan, an Oklahoma U. grad, has worked at building attendance for Tulsa area wrestling.*

battle between the pair of perennial powers from the Big Eight conference broken wide open early, the attention focused on the much-awaited clashes at 134 and 142.

Dwayne Keller had taken 64 matches in a row for OSU against collegiate competition, including the national titles in 1968 and 1970.

Weigel (26-1 on the season going into the match) had lost a controversial decision to Keller in the 1970 semis at Evanston. The Oregon State standout had narrowly averted elimination in the 1971 quarterfinals when Brigham Young sophomore Laron Hansen forced him into overtime.

**SO THERE WAS KELLER**, trying to add his name to the list containing those of such greats as Dan Hodge, Myron Roderick, Rex Peery and his sons Ed and Hugh, Yojiro Uetake and on and on . . .

Instead, he joined Dan Gable, Rick Sanders and a host of others who were derailed on the final step to immortality in wrestling annals.

After a single leg takedown and an immediate predicament by Keller gave him a 4-0 lead with only two seconds left in the opening period, the Kennewick, Wash., senior looked like money in the bank.

Weigel cradled the Poke at 2:08, but Keller reversed half a minute later to again lead by four. Then the nightmare began for King Cowboy.

With 44 seconds left in the middle stanza Weigel rolled out for a reversal and went on top by one (7-6) when he worked his favored foe for a near fall at 4:43. He had a :56 riding time advantage heading into the final period with Keller up.

**THE END CAME QUICKLY.** The Beaver senior reversed on the edge after only 11 seconds, and rode for over a minute before Keller escaped for a 9-7 count. With 1:10 remaining Weigel scored a takedown as the crowd knew for the first time that it was witnessing history. A tiring Keller gave up a predicament with :45 showing on the clock and merely tried to keep from getting put on his back. Weigel's riding time cushion of 2:51 was good for a final 15-7 margin.

Before the crowd of 5,981 had a full opportunity to digest that one, the man who only a year ago had ended an even more amazing career (that of Iowa State's Dan Gable) took the mat to defend his 142 title. Washington's Larry Owings oozed the confidence which Gable had exuded until his 100-match victory skein was severed.

But facing him in the finals was the 1970 134-pound king, Darrell Keller. At one time thought to be a cut above his twin brother, Dwayne, Darrell Keller had been overshadowed to some extent because of the late start he got at Oklahoma State.

**WHILE DWAYNE WAS A FRESHMAN** at Stillwater, Darrell was winning the national junior college championship and outstanding wrestler award for Columbia Basin, Wash., juco in 1967. He had wrestled only 29 career matches at OSU when he challenged the Owings "mini-legend."

Only 16 seconds had ticked off the clock when Keller struck with amazing quickness to score a takedown and immediate predicament to lead, 4-0.

With his twin sitting anxiously at the corner of the mat, Darrell gave up an escape at 1:36, but came back less than half a minute later with another clean shot on the legs for a 6-1 lead. Owings escaped again, but Keller had a :58 riding time advantage and a 6-2 edge on the scoreboard.

With Keller up, Owings escaped quickly, but was taken down twice more around another escape to trail 10-4 with 1:08 left in the middle period. Both reversed in a hectic span of 16 seconds and the Huskie escaped for

the fifth time to trail 12-7 with one period to go.

Facing a 1:47 riding time deficit as well as the score, Owings went to work. He put a figure four on the head for a predicament to trim the gap to 12-9 with 2:24 still remaining. After the match was stopped at 1:40 for repairs to the Cowboy's re-injured arm, Keller reversed. Owings then escaped and finally notched his first takedown at :45 to trail only 14-12.

**THE TIDE SEEMED TO BE TURNING** as the Washington ace tried desperately to turn Keller and preserve his unbeaten season. With only 17 second remaining, however, he got too high trying to turn his foe and was reversed. Keller held on to his 16-12 margin even after the final five seconds was replayed when he was called for stalling on top.

Thus, in less than half an hour, wrestling fans had been treated to two of the most exciting shockers of all time. They had seen the Outstanding Wrestler award favorite's role go from Dwayne Keller to Roger Weigel, then from Larry Owings to Darrell Keller, where it finally rested.

Oklahoma State broke its own record of 26 team championships, and kept Iowa State from becoming the only other team to win three in a row. The Cowboys also added their 88th, 89th and 90th individual gold medals, more than doubling the total of any other school.

Keller's award was the 11th time that a Cowboy had taken home that honor during the 38 years it has been given.

**ANOTHER RECORD** which probably belongs to the 1971 meet is the most stalling points awarded during a championship match. That came in the 167 bout between Penn State's Andy Matter and Steve Shields, Lehigh.

There was a double warning in the scoreless first period, then both were given penalty points in the second after Shields had escaped. Matter worked free in the third to tie, and with the crowd booing another penalty point was awarded to each at 2:09. With only 39 seconds left double penalty points were handed out, but still little action was stirred up. The match went into overtime, much to the dismay of the crowd, and Matter made enough moves to earn the decision.

**IT LOOKS LIKE . . . IT COULD BE . . .**—Roger Weigel of Oregon State holds Oklahoma State's Dwayne Keller in pinning situation as referee intently watches Keller's shoulders. Cowboy stayed off his back but Weigel prevailed in 134-pound finals, 15-7.

*CRASH LANDING—Ray Grosykowski of Towson State, with help from North Dakota State's Jerry Seifert, makes unscheduled descent to the mat in first round action of College Division tourney. Seifert won, placed sixth at 150 pounds.*

Actually, most of the action came in the lower weights. At 118, Greg Johnson of Michigan State, set himself up as the man to shoot down next year with a 6-5 squeaker over Navy's Ron Schuler, on a 1:28 riding time edge after three periods.

Oklahoma State's latest Japanese import, Yoshiro Fujita, wiped out Ken Donaldson of the Air Force, 13-2, in a lop-sided title match at 126. The unbeaten junior outscored five tourney foes by a total score of 61-12.

Stan Dziedzic (150) became the 13th NCAA king from Slippery Rock, easily disposing of Jay Arneson, Oklahoma State, 6-1. The slick junior finished the season 41-0. Iowa State's Carl Adams won a gold with a frolicking 18-5 victory over Mike Jones, Oregon State, at 158.

After the stalling around at 167, Oklahoma State's Geoff Baum made it two titles in a row (he won at 190 in 1970) with a 10-3 triumph over freshman Al Nacin, Iowa State, in the 177-pound finals.

Finally reaching the heights predicted for him a year before, Iowa State's Ben Peterson prevailed over Vince Paolano, Syracuse, 11-6, at 190. Greg Wojciechowski, like Peterson capping an unbeaten season, edged Penn State's Dave Joyner, 5-3, for the heavyweight crown.

## COLLEGE DIVISION CHAMPIONSHIPS

# Cal Poly Confirms Its Mat Dynasty; Six Sophs Along On Fifth Title Trek

By **ROGER OLSON**

*Sports Writer, The Fargo (N.D.) Forum*

California Polytechnic of San Luis Obispo, giant in residence of NCAA College Division tournament wrestling, railroaded through the record-setting ninth annual mat championships as if to prove a point. It did.

What the Mustangs proved rather convincingly was their right to the No. 1 ranking in the national polls as they ran wild to their fifth wrestling title in six years.

An estimated 4,500-plus, believed to be the largest single-season crowd in the nine-year history of the College Division championships, watched Coach Vaughan Hitchcock's Mustangs cap a sensational, tournament-long effort at a new, \$3.1-million, 6,000-seat North Dakota State University Field House which demands superlatives.

**CAL POLY, WHICH WON AN UNPRECEDENTED** third consecutive title in a 1970 season which Hitchcock referred to as a rebuilding year, piled up 118 points in the 336-man, 404-match tournament that resulted in four College Division crowns in a row.

The Mustangs, who in 1971 entered six sophomores, (rebuilding in 1970?) were within reach of the record 127 points Cal Poly scored in winning as the host team in 1969. But 1971's host NDSU squad intervened.

Cal Poly had nine of its 10-man entry listed on the eight-deep seeding chart. And the only unseeded Mustang, 177-pound sophomore Pat Farmer, was one of five Cal Poly finalists.

In fact, Hitchcock may have scored most heavily where he least expected to, despite his pre-meet statement that each of his 10 entries was capable

of going all the way. Only one of Cal Poly's four No. 1 seeds, 134-pound runnerup Larry Morgan, was a finalist.

**THE MUSTANGS** got championships at both ends of the final program—at 118 from third-seeded sophomore Gary McBride and at heavyweight from fifth-seeded Tim Kopitar, a 310-pound junior.

McBride stopped South Dakota State's Stan Opp, who had a sensational tournament after drawing the No. 8 seed, in the 4-2

kickoff final. Opp pinned top-seeded Wally Juskot of SUNY-Oswego at 1:03 and McBride decided second-seeded Ted Pease of East Stroudsburg, 5-2 in the semifinals.

Kopitar scored a 9-7 decision over Ashland's Herman Pettigrew, who entered his final collegiate match with a gaudy 92-6-2 career record after placing fourth and fifth in the 1968 and 1970 nationals.

**THE TOURNEY'S MOST HIGHLY-RATED** non-finalist had to be 158-pound John Finch of Cal Poly. Finch took third place and became the first four-time placewinner in the history of the meet. He won a title as a freshman and was second in his middle two collegiate seasons.

Finch was one of only two casualties as the Mustangs cornered the championship trophy with a top-drawer collective display in the semifinals.

Slippery Rock, paced by repeat 150-pound champion Stan Dziedzic, who was voted the tourney's outstanding individual, was runnerup with 58 points. Mankato State followed at 51.

The Bison of host school NDSU, propelled by the crowd-pleasing, title-winning performances of juniors Bill Demaray and Bob Backlund, grabbed fourth place with 46 points.

Demaray, a North Dakota prep champion, became the first NDSU wrestler in history to win a national title when he overpowered Cal Poly's Farmer 9-2 in the 177-pound final. The unseeded Backlund followed Demaray's lead in the next match, stopping Cal Poly's Gary Maiolfi, 5-0.

Wilkes and East Stroudsburg tied for fifth with 42 points, 1970 runnerup Northern Iowa was seventh with 41, Franklin and Marshall had 35, and Northern Colorado, Seattle Pacific and Ashland 30 each.

**NORTHERN COLORADO, RANKED SECOND** to Cal Poly in the national poll, lost Larry Wagner, the 1970 champion at 126 pounds, to an ineligibility ruling and failed to play much of a factor in the team race.

Northern Iowa, No. 3 in the polls, lost some expected points when top-seeded heavyweight Mike McCready was beaten in the quarterfinals. Cal Poly's Kopitar pinned the previously undefeated McCready in 4:24.

Northern Iowa did get an individual championship from 158-pounder Clint Young, who edged Gerald Strauman of Western Illinois, 2-1, with a riding-time point in the final. His riding-time advantage was two seconds over the necessary one minute.

Another champ who cut things thin was Mankato 134-pounder Ken Stockdale, who won by judges' decision over Cal Poly's Morgan. Stockdale tied the match at 2-2 when Morgan was called for stalling with six seconds remaining in the overtime.

The ruling against Northern Colorado's Wagner left Dziedzic as the only returning champion. Dziedzic, who closed out his junior season with an all-winning 41-match record, decided former junior college national champion Mike Medchill of Mankato in the final, 7-0.

**FRANKLIN & MARSHALL CHAMPS** Chris Black (126) and John Stevenson (167) emerged from divisions that totally ignored the script. Fifth-seeded Black decided unseeded Mark Davids of Eastern Michigan and seventh-seeded Stevenson blanked unseeded Gerry Willetts of Wilkes in the finals.

Jim Guizzotti of Ashland, the only freshman to gain the finals, walked off the mat with the 142-pound title after edging Tom Cox of Slippery Rock 7-5 with a pair of riding-time points.

In the final analysis it would appear that Cal Poly will be everybody's target again in 1972.

**EASTERN INTERCOLLEGIATE CHAMPS:** L-R, front—Schuler, Mason, Tolk and Keaser (all Navy), Stone (Penn State); back—Joyner (Penn State), Hutchinson (Lehigh), Christie (Lehigh), Matter and Frantz (Penn State).

## Helms Foundation Amateur Wrestling Hall Of Fame

The Amateur Wrestling Hall of Fame was established by the Helms Athletic Foundation of Los Angeles in 1957 with an original selection of five wrestlers, nine coaches and one contributor.

Since 1957 annual elections to the Hall of Fame have been held. With the announcement of five additions for 1971, the total number to be honored for their outstanding contributions to the sport is now 124, including 55 wrestlers, 50 coaches and 19 contributors.

Elections to the Amateur Wrestling Hall of Fame are made by the Helms Hall Board as a result of recommendations made by the Amateur Wrestling Hall of Fame Committee, headed by Jess Hoke of Amateur Wrestling News.

A permanent trophy for amateur wrestling is maintained in Helms Hall and members of the Hall of Fame whose names are inscribed thereon are as follows:

# Rule 1

## A MATCH, WRESTLERS, UNIFORMS & EQUIPMENT

### A Match

SECTION 1. A match shall be conducted in each of the ten weight classifications [12 for High Schools] between wrestlers of the same weight class. Matches shall be eight minutes [six for High Schools] in length divided into three periods.

**Representation** SECTION 2. An institution shall be represented by only one wrestler in each weight class and no substitution is allowed for injured wrestlers in dual meets or tournaments.

**Team Captains** SECTION 3. Each team shall designate to the Referee one contestant as its Captain, who shall call the coin toss for choice of position for each weight class at start of second period.

**Persons Subject To the Rules** SECTION 4. All wrestlers, coaches, trainers, and other persons affiliated with the teams are subject to the rules and shall be governed by the decisions of the officials.

### Mats

**Dimensions** SECTION 5. The wrestling area of the mat shall not be less than a square 24 feet by 24 feet *or a circular area 28 feet in diameter*. A larger wrestling area is recommended. There shall be a mat area of at least five feet in

RECOMMENDED MAT SIZES

*Minimum mat size provides for a circle with a diameter of 28 feet as a legal wrestling area or a 24-foot square wrestling area with a mat area of at least five feet in width which extends around the wrestling area proper.*

width which extends entirely around the wrestling area. The entire mat area shall be the same thickness which shall not be more than four inches nor less than the thickness of a mat which has shock absorbing qualities of a two-inch thick hair felt mat.

When a plastic mat cover is used, it is recommended that it be sufficiently large to cover the mat proper and all supplementary mats, or laced underneath the mats. The wrestling area should be marked on the mat cover or mat by painted lines two inches in width. At the center of the mat proper there shall be similarly painted a circle 10 feet in diameter, and it is recommended a different color be used than the one on the boundary line. An area on opposite sides of the 10-foot circle shall be designated by means of a 12-inch portion of the circle's arc on one side in green and directly opposite a similar portion of the arc in red. Contestants in starting the match and resuming the match in a neutral position will return to their respective designated areas. (Home—green, Visitor—red.)

**Starting Lines**

SECTION 6. There shall be placed at the center of the cover or mat two one-inch *starting lines*, one of which lies in the diameter of the 10-foot circle, three feet in length and with outside measurements of 12 inches. (See diagram above.)

## Wrestlers

### Limitations

SECTION 7. No contestant shall be allowed to represent his institution in more than one class in any meet.

### Forfeits

SECTION 8. A contestant may not accept a forfeit in one weight class and compete in another class.

### Shift Weight Class

SECTION 9. A contestant who weighs in for one weight may be shifted to a higher weight class. (See High School Modification, Rule 3, Sec. 3, Note 3.)

## Uniforms and Equipment

### Uniforms

SECTION 10. The uniform shall consist of:

- a. Full length tights, close fitting outside short trunks, and sleeveless shirt without fasteners at the shoulder and fastened down at the crotch. Shirts shall not be cut away in excess of the shirt illustrated in Figs. 1 and 2 (picture of legal shirt, back and front view). The front and back of the shirt shall not be cut lower than the level of the armpit and under the arms the shirt shall not be cut lower than one-half the distance between the armpit and the belt line.  
Properly cut one-piece uniform is legal when worn with full length tights. No wrestler shall lower his shoulder straps in the presence of spectators. Failure to comply shall be enforced under unsportsmanlike conduct.
- b. Light heelless gymnasium shoes reaching above the ankle and laced by means of eyelets.
- c. A protective headgear will be a required part of the wrestling contestant's uniform.
- d. In all tournaments, the home management shall have immedi-

ately available some provisions for clearly identifying the contestants. Such provisions may be by means of red and green anklets approximately three inches wide.

**Appearance** SECTION 11. Contestants shall be clean-shaven, free of mustaches, sideburns trimmed no lower than ear lobe level and hair trimmed and well groomed. Because of the body contact involved, this rule has been approved in the interests of health, sanitary and safety measures. The hair in the back shall not extend below the top of an ordinary shirt collar and on the sides the hair shall not extend over the ears.

**Special Equipment** SECTION 12. Any mechanical device which does not allow normal movement of the joints and prevents one's opponent from applying normal holds, shall be barred. Any legal device which is hard and abrasive, must be covered and padded. Artificial limbs and loose pads are prohibited.

NOTE—Special medication during a match because of a pre-existent condition such as asthma, diabetes, etc., shall not be permitted.

**Enforcement** SECTION 13. a. The legality of all equipment (mat markings, uniforms, headgear, devices, pads, etc.) and contestant's appearance shall be decided by the Referee.

b. The Referee shall also determine whether each contestant has complied with specified health, sanitary and safety measures as to appearance. These shall constitute the sole reasons for disqualification, and application of this rule shall not be arbitrary or capricious.

# Rule 2

## DEFINITIONS

**Decisions** SECTION 1. If no fall has resulted after expiration of the three regular periods of any match as provided in Rule 4, Sec. 3, the Referee shall award the match to the contestant who has scored the greater number of points as provided by the point system in Rule 5, Sec. 2. If there is a tie in the number of points scored, the Referee shall declare the match a draw in dual meets. (See Rule 4, Sec. 5b for tournaments.)

**Default** SECTION 2. A default is awarded in a match when one of the wrestlers is unable to continue wrestling for any reason. (See Rule 4, Sec. 9c.)

**Disqualification** SECTION 3. Disqualification is a situation in which a contestant is banned from participation in accordance with the Penalty Chart.

**Escape** SECTION 4. An escape occurs when the defensive wrestler gains a neutral position while the supporting points of either wrestler are within the wrestling area.

**Fall** SECTION 5. Any part of both shoulders or area of both scapulas held in contact with the mat for one second constitutes a fall. The one-second count (one-thousand-and-one) shall be a silent count by the Referee and shall start only after the Referee is in such position that he knows positively that a fall is imminent, after which the shoulders or scapula area must be held in continuous contact with the mat for one second before a fall shall be awarded. (See Fig. 12.)

- a. A fall shall not be awarded when one or both shoulders of the defensive wrestler are out-of-bounds. (See Sec. 8 this rule.)
- b. If either wrestler is handicapped by having any portion of his body out-of-bounds, no fall shall be awarded and out-of-bounds shall be declared.
- c. When the match is stopped for out-of-bounds in a fall situation, the match shall be resumed in the starting position on the mat. (See Secs. 11 and 14 this rule.)

**HIGH SCHOOL MODIFICATION**

Two seconds constitutes a fall. The two-second count (one-thousand-and-one, one-thousand-and-two) shall be a silent count by the Referee.

**Forfeit**

SECTION 6. A forfeit is received by a wrestler when his opponent for any reason fails to appear for the match. In order to receive a forfeit, a wrestler must be dressed in wrestling uniform and appear on the mat. (See Rule 3, Sec. 7 and Rule 4, Sec. 9c.)

**Neutral Position**

SECTION 7. A neutral position is one in which neither wrestler has control.

**Out-of-Bounds**

SECTION 8. Contestants are considered in-bounds if the supporting parts of either wrestler are inside the boundary lines.

When a near-fall or predicament has been earned inbounds, wrestling shall be stopped when the vertical plane of the boundary line is intercepted by the shoulder or shoulders of the defensive wrestler. However, if no predicament or near-fall has been earned in-bounds, wrestling shall continue as long as the supporting points of either wrestler are inbounds.

**Position of Advantage**

SECTION 9. A position in which a contestant is in control of his opponent. Control is the determining factor. The failure of the offensive wrestler to get his head out from the defensive wrestler's arm does not necessarily prevent the offensive wrestler from having

control. The offensive wrestler is entitled to this advantage until such time as his opponent gains a neutral position or a reversal. (See Secs. 4, 7, 8 and 12 this rule.)

**Predicament & Near-Fall** SECTION 10. a. A predicament is a position in which the offensive wrestler has control of his opponent in a pinning situation.

- (1) When both shoulders of the defensive wrestler are held within four inches of the mat or less for one full second, a predicament shall be scored. Two points shall be awarded for a predicament. A continuous roll-through is not to be considered a predicament.
  - (2) When one shoulder of the defensive wrestler is touching the mat, and the other shoulder is held at an angle of 45 degrees or less with the mat, for one second or more, two points shall be awarded for a predicament.
- b. When the criteria for a predicament has been met uninterrupted for five seconds, a near-fall shall be scored and three points are awarded. A visual hand count is to be used in determining a near-fall.

#### NOTES

1. A near-fall or predicament is ended when the defensive wrestler gets out of the pinning situation. The Referee must not signal the score for a near-fall or a predicament until the situation is ended. Only one near-fall or one predicament shall be scored in each pinning situation regardless of the number of times the offensive wrestler places the defensive wrestler in a near-fall or predicament position during the situation.
2. Only a wrestler with the advantage who has his opponent in a pinning situation may score a near-fall or predicament. Bridgebacks in body scissors or bridgeovers with a wristlock are not considered near-fall or predicament situations although a fall may be scored.
3. When the defensive wrestler places himself in a precarious situation during an attempted escape or reversal, a near-fall or predicament shall not be scored unless the offensive wrestler has control of his opponent in a pinning situation beyond normal reaction time.

**Resumption of Wrestling After Out-of-Bounds** SECTION 11. The position to be assumed by the contestants at the resumption of a match shall be neutral or in the starting position on the mat as determined by the position held upon going out-of-bounds. If neither wrestler has control, the match shall be resumed with both wrestlers opposite each other and on the designated red and green areas on the 10-foot circle. If one wrestler has the advantage, he will take the offensive position in the starting position at the center of the mat.

**Reversal** SECTION 12. A reversal occurs when the defensive wrestler comes from underneath and gains control of his opponent either on the mat or in a rear standing position while the supporting points of either wrestler are within the wrestling area.

**Stalemate** SECTION 13. When the contestants are interlocked in a position other than a pinning situation in which neither wrestler can improve his position, the Referee shall, as soon as possible, stop the match and wrestling will be resumed as for out-of-bounds.

**Starting Position** SECTION 14. a. *Defensive Wrestler*. A stationary position in which the defensive wrestler is on his knees facing *away from the timers' table* with his hands in the center of the mat. He must keep both knees on the mat. The heels of both hands must be on the mat not less than 12 inches in front of the knees; and the elbows shall not touch the mat. The hands and knees must be placed in front and back of the starting lines. (See Illustrations Nos. 4 and 5, Starting Position.)

b. *Offensive Wrestler*. The offensive wrestler shall be on the right or left side of his opponent with one or both knees on the mat and his head along the mid line of his opponent's back. The near arm (right or left) is placed loosely around the defensive wrestler's body perpendicular to the long axis of the body with the palm of the hand placed loosely against the de-

defensive wrestler's naval and the palm of his other hand (left or right) shall be placed on the back of the opponent's near elbow. At least one knee shall be on the mat and to the outside with legs not touching the defensive wrestler. (See Illustrations Nos. 4 and 5, Starting Position.)

**Takedown** SECTION 15. When from a neutral position a contestant gains control over his opponent down on the mat while the supporting points of either wrestler are within the wrestling area, he has gained a takedown. Down on the mat the usual points of support are: knee(s), the side of the thigh and the buttocks. (Knee or knees touching mat beyond reaction time constitutes a takedown.)

**Time-Advantage** SECTION 16. The offensive wrestler who has control in an advantage position over his opponent is gaining time-advantage. A timekeeper assigned to each wrestler records his accumulated time-advantage throughout the match or a multiple timer may be used to record the time-advantage. At the end of the match the Referee subtracts the lesser time-advantage from the greater. If the contestant with the greater time-advantage has less than one minute of net time-advantage, no point is awarded. If he has one full minute of net time-advantage, he is awarded a maximum of one point.

NOTE—Control is a situation in which a contestant exercises and maintains restraining power over his opponent.

**HIGH SCHOOL MODIFICATION**

Time-advantage will be optional by State Association adoption.

# Rule 3

## WEIGHT CLASSIFICATION AND WEIGHING-IN

### Weight Classification

#### 10 Weight Classes

SECTION 1. Competition shall be divided into ten weight classes as follows:

118 lbs.	134 lbs.	150 lbs.	167 lbs.	190 lbs.
126 lbs.	142 lbs.	158 lbs.	177 lbs.	Unlimited

#### National Championships

SECTION 2. The National Collegiate and College Division Championships shall be conducted in the above listed ten weights and unless otherwise announced all conference meets will be contested in such weight classes.

#### Dual Meets

SECTION 3. Competition in dual meets shall be conducted in the weight order listed, unless changes have been mutually agreed upon at the time of weigh-in.

#### HIGH SCHOOL MODIFICATION

Competition shall be divided into the following 12 classes:

98 lbs.	119 lbs.	138 lbs.	167 lbs.
105 lbs.	126 lbs.	145 lbs.	185 lbs.
112 lbs.	132 lbs.	155 lbs.	Unlimited

Unlimited class contestants must weight a minimum of 175 pounds.

All interscholastic competition, including interstate competition, shall be conducted in the above 12 weight classes and all such competition shall be governed by the rules as set forth in the *NCAA Wrestling Guide—High School Modification*.

1. Beginning January 1st and continuing until February 1st, two additional pounds will be allowed in each weight class. Beginning February 1st and continuing for the remainder of the

- season, one additional pound shall be allowed in each weight class. This will make a net increase of three pounds beginning the 1st of February.
2. The Rules Committee recommends that individual State Associations utilize an effective weight control program which will involve the competitor, the parents, a physician and the coach.
  3. A contestant may not wrestle more than one weight class above his actual weight at the time of weigh-in.
  4. The use of a sweat box or similar artificial heat device for weight reduction purposes is prohibited.

## Weighing-In

### Time

SECTION 4. a. *Dual Meets.* Contestants may weigh-in a maximum of five hours and a minimum of one-half hour before the meet is scheduled to begin on scales provided by the host school. The exact maximum time shall be decided by mutual agreement of the competing teams. The home team's contestant shall be sent onto the mat first, and he cannot be withdrawn or replaced.

Teams may weigh-in on home scales by mutual agreement of coaches and shall furnish the weight list with actual weights listed. It is recommended that the accuracy of all scales be certified by a qualified scale authority prior to the first official weigh-in each year.

### HIGH SCHOOL MODIFICATION

Contestants shall weigh-in a maximum of one hour and a minimum of one-half hour before the time the meet is scheduled to begin. When a preliminary meet is followed immediately by a varsity meet, the one-half hour weigh-in period for the second meet may, by mutual consent, precede the preliminary meet. The weigh-in period shall extend for 30 minutes.

- b. *Tournaments.* Each day of the tournament, contestants will weigh-in a maximum of five hours and a minimum of four hours before the meet is scheduled.

### HIGH SCHOOL MODIFICATION

Each day of the tournament, contestants shall weigh-in a maxi-

WEIGHT CLASSIFICATION AND WEIGHING-IN

imum of three hours and a minimum of one-half hour before the meet is to begin, with one-pound allowance to be given each day over the weight limit of the previous day. A contestant who is to represent his school must be named at time of weigh-in. (Changes in time may be made by individual State Associations.)

**Supervision**

SECTION 5. The Referee or other authorized person shall supervise the weighing-in of contestants.

**Weight Allowance**

SECTION 6. a. *Dual Meets.* In all dual meets, net weights shall be required. No overweight is permitted nor should it be requested. For colleges only—members of both teams will be allowed one additional pound per day when one team is wrestling on two or three successive days. (Maximum of two pounds.)

b. *Tournaments.* In tournaments, a one-pound allowance shall be given each day over the weight limit of the previous day.

Contestants, including heavyweights, shall weigh-in without clothing for dual meets and tournaments.

**Failure to Make Weight**

SECTION 7. Any contestant failing to make weight at the minimum time shall be ineligible for that weight class. If a contestant fails to weigh-in on the first, second or subsequent day of a tournament after having qualified for such tournament, a forfeit shall be awarded his opponent and points for the forfeit and advancement shall be scored. (See Rule 4, Sec. 9e.)

**Medical Examinations**

SECTION 8. At the time of the weighing-in on the opening day of the annual National Collegiate Championships, a physician or physicians shall be present to examine all contestants for communicable diseases. In other tournaments and meets, it is recommended that a similar examination of all contestants be made at the time of the weighing-in and the presence of communicable diseases or any other condition which in the opinion of the examining physician makes the participation of that individual inadvisable, shall be full and sufficient reason for disqualification.

# Rule 4

## CONDUCT OF MATCHES AND TOURNAMENTS

### The Matches

**Notification And Agreement** SECTION 1. All modifications of rules of competition, "ground rules," etc., proposed by the home manager, must be submitted to the manager of the visiting team, or teams, a sufficient length of time before the date of the meet for agreement to be reached on same, and no such action is binding unless approved by the visiting team or teams.

In dual meets, the selection of a Referee and the maximum weigh-in time shall be mutually agreed upon at least 10 days prior to the date of the meet.

NOTE—In case the coaches concerned are unable to agree on a shorter maximum weighing-in time than the five hours specified as the maximum in these rules, it is understood that the maximum amount of time as specified in the rules shall hold.

The home management shall notify visiting teams at least 10 days prior to the date of the meet the exact time and place of the meet and the name of the Referee.

**Intentional Delay** SECTION 2. A team intentionally delaying its appearance on the mat beyond five (5) minutes of established meet starting time shall be penalized one team point.

**Length of Matches** SECTION 3. All regular matches shall be eight minutes in length divided into three periods with the first period two minutes and the second and

## Section 3

third periods three minutes each. The first period will start with both contestants standing opposite each other on the green or red area of the 10-foot circle. The wrestlers will come forward, shake hands and step back to their designated areas and when the Referee sounds his whistle, begin wrestling. A fall during this or either subsequent period terminates the match. If neither contestant secures a fall in the first period, the Referee shall recess the match and place the wrestlers in the starting position on the mat (Rule 2, Sec. 14) with the appropriate contestant in the position of advantage (Sec. 5 this rule). The second period shall be started immediately by the Referee's whistle. If no fall occurs during this second period, upon its expiration, the Referee shall again recess the match, place the contestant who started the second period in the position of advantage underneath and start the third period as before.

**HIGH SCHOOL MODIFICATION**

The matches shall be six minutes in length, divided into three periods of two minutes. No rest is allowed. The matches shall be conducted in the same manner as set forth above.

**End of Match**

SECTION 4. If no fall occurs during the final period and after the match is concluded, wrestlers will return to and remain on their respective (green or red) areas while the Referee checks with the scorers and timers table. Upon the Referee's return to the mat, the contestants will shake hands and the Referee will declare the winner in accordance with Figs. 18 and 19. The time of the match is continuous except when the Referee stops and starts a match.

Failure to comply with end-of-match procedure after being directed to do so shall result in penalty points being assessed in dual meets and tournaments. The match is not ended until the Referee declares the outcome of the match with both contestants remaining on the mat. Failure to comply shall constitute unsportsmanlike conduct.

NOTE—In matches involving sight handicapped wrestlers, it is recommended that a finger-touch method be used in the neutral position and initial contact be made from the front. (Illustration No. 3.)

**Choice of  
Position**

SECTION 5. a. *Dual Meets.* Immediately before the contest starts, the Referee shall call the captains to the center of the mat and decide by the toss of a coin which team has the choice of position at the start of the second period in each weight class. The winner of the toss may choose the odd or even number of the weight classes listed consecutively. A choice of odd or even matches in dual meets is not altered in case of a fall, default, forfeit or disqualification.

- b. *Tournaments.* Immediately following the end of the first period, the Referee shall determine which wrestler has the choice of position at the start of the second period, by toss of a coin or disc.

**Overtimes**

SECTION 6. In tournament competition when there is a tie in points, the contestants shall wrestle three extra periods of one minute each (consolation matches included) starting the first of these periods on the feet and conducting the entire overtime as in the regular match.

The choice of position shall be determined by the toss of a coin. There shall be a one-minute rest between the regular match and the first overtime period and no rest between the first, second and third overtime periods. The points and time-advantage are not cumulative throughout the match and overtime periods, and only the points and time-advantage scored in the overtime period shall be counted in determining a winner. A jury of two judges and the Referee shall observe the overtime periods. When there is a tie in points at the end of the overtime periods, the jury shall select the winner by ballot without any consultation and the match shall be awarded to the contestant who has shown superior wrestling ability in the overtime periods. The signed ballots of the jury shall be recorded on the score sheet. The criteria for determining superior wrestling ability are attempts to secure falls, takedowns, reversals and escapes along with the maintenance of control.

**Consolation  
Matches**

SECTION 7. Consolation matches shall consist of three two-minute periods conducted in the same manner as regular matches in championships. Overtime periods in consolation matches shall consist of three one-minute periods.

**HIGH SCHOOL MODIFICATION**

Consolation matches shall consist of three periods; the first of which will be one minute in length and the second and third two minutes each in length.

**Control of  
Mat Area**

SECTION 8. a. All personnel other than actual participating contestants shall be restricted to an area reserved for such use. This area shall be at least 10 feet from the mat and scoring table.

- b. When an error has been made in positioning a wrestler in the top or bottom position at the start of the third period, all points and time-advantage gained during the third period is cancelled. Following a rest period of one minute, the period shall be re-wrestled. (Errors occurring during first or second periods shall be corrected with wrestling resumed immediately.)
- c. If in the opinion of the Referee, there is an error in the recordings of the timekeepers and/or scorers, the Referee shall correct the error and render his decision accordingly. This correction must take place prior to the contestants having left the mat area or prior to the start of the subsequent match.
- d. When a coach believes the official has misapplied a rule (other than questioning judgement), he may approach the officials table, request that the match be stopped and discuss the matter with the Referee directly in front of the officials table. Both wrestlers shall remain on the mat. At the time the match is stopped, the timer will note and record the amount of time consumed for the conference. If there was

an error, the Referee will make the necessary adjustments, explain to the opposing coach and wrestling will be immediately resumed. If there was no error, the amount of time consumed for the conference will be deducted from the wrestler's injury time and wrestling will be resumed.

## Tournaments

**Administration** SECTION 9. a. Failure to verify entries at stipulated deadline will result in disqualification from a tournament. Contestants thereafter failing to make verified weight will not be allowed to participate in another weight classification.

NOTE—Submitting names on entry form does not constitute verification.

- b. Contestants will be allowed a maximum of five (5) minutes to appear ready to compete at the specified mat. Failure to appear will result in forfeit to opponent.
- c. Defeat due to injury in a tournament does not eliminate a contestant from further competition.
- d. In case of injury or illness, the host school's physician in consultation with the chairman of the Rules Committee will rule on contestant's ability to continue. Extenuating circumstances concerning any injury or illness will be considered by the Rules Committee or Tournament Committee.
- e. A forfeit will eliminate a contestant from further competition in tournaments.
- f. A disqualification may eliminate a contestant from further competition in tournaments. (See Note under Penalty Chart.)

- g. Any contestant who fails to check in or to make weight each day of a tournament is ineligible for further competition and cannot place in the tournament.
- h. No contestant shall wrestle two matches in any tournament with less than one (1) hour rest between such matches.

**NOTES**

- 1. In case of unavoidable circumstances affecting weigh-in or schedule of matches. (See Rule 8, Sec. 3i.)
- 2. Contestants in the unlimited class must check in at each weigh-in session of tournaments.
- i. The Rules Committee recommends that medals and team trophies be formally presented in a ceremony made as impressive as possible.
- j. Any conference or other tournament may be conducted under any bracketing agreed upon by participating schools.

**Mat Judges,  
Number**

SECTION 10. In all tournament semifinal championship and championship consolation matches, two mat judges shall be assigned to assist the Referee. Majority vote of the Referee and two judges will prevail.

**Mat Judges  
Procedure**

SECTION 11. The use of two mat judges is designed to minimize human error inasmuch as three qualified officials will be involved in matters of rule application and judgment. The match Referee will be in complete control of the bout and when questions arise, he will take action as outlined below. Judges will be seated near mat opposite green and red areas, and are authorized to move along mat edge to observe significant action.

- a. Disagreement by either mat judge will be indicated utilizing the appropriate signal and color and gaining the attention of the Referee.
- b. When only one mat judge stands, the Referee will not recognize him if not in agreement.
- c. When two judges stand, the Referee will stop the match as soon as it is practical and indicate Referee's time out. Referee will avoid interrupting the match while significant action is in progress.
- d. When necessary, judges and Referee will meet quickly in front of scorers table discussing reasons for disagreement.
- e. Agreement will be reached by majority vote of the Referee and two judges.
- f. A judge may support, disagree or have no opinion relative to a decision. However, the Referee's vote shall prevail in the event of a tie.
- g. When a decision is reached, the Referee will inform the scorers table of any change in the match scoring.
- h. The Referee and two contestants are the only individuals permitted to step onto the wrestling mat. Coaches are not permitted to address the judges.

**Places Scored** SECTION 12. In tournaments awarding four places, the loser in the final first-place match shall automatically take second place. The winner in the final consolation match shall be awarded third place and the loser fourth place. In tournaments where six places are scored, the defeated wrestlers in the consolation semifinals shall wrestle for fifth and sixth place.

**Drawings**

SECTION 13. Immediately after the verification of entries, drawings shall be made. Drawings will be made in accordance with the graphic illustrations as provided in Secs. 14, 15 and 16 of this rule.

**Seeding**

SECTION 14. Whenever there are two outstanding contestants in any class, the name of one of these contestants shall be placed in the upper half of the drawing bracket and the name of the other in the lower half. In case several seeded men are of equal ability, their seeded positions shall be determined by drawing.

If there is one outstanding wrestler in any class and also two others who are distinctly superior to the remainder in that class, those wrestlers should be seeded in different quarter brackets of the opposite half bracket from the outstanding wrestler. A seeded contestant shall have the same opportunity to draw for the byes as other contestants in his bracket.

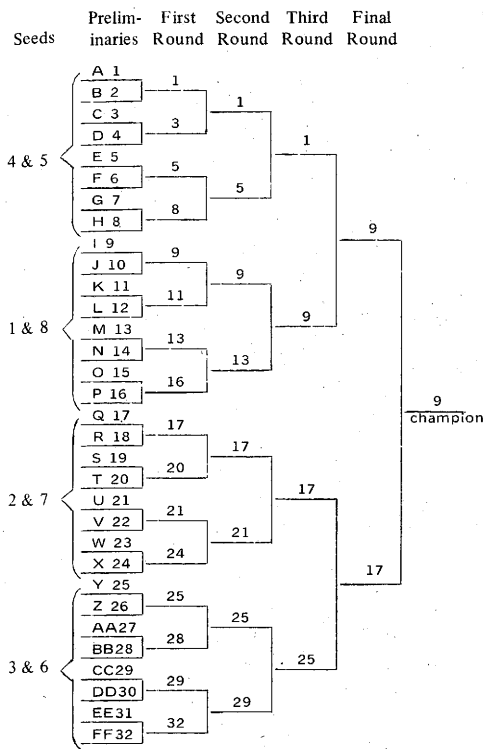

Usually, consideration for determining seeded wrestlers is given to: (1) a returning champion or runnerup, (2) a contestant with an undefeated season record, and (3) a contestant with an exceptional record against acknowledged strong opposition.

**Byes**

SECTION 15. When the number of competitors is not a power of two (that is, 4, 8, 16, 32, 64) there shall be "byes" in the first round. The number of byes will be equal to the difference between the number of competitors and the next higher power of two. The number of pairs which meet in the first round shall be equal to the difference between the number of competitors and the next lower power of two. There will be no byes after the first round and no further drawing is necessary for the first place or consolation rounds. The byes, if even in number, shall be equally divided between top and bottom. If the number of byes be uneven, there shall be one more bye at the bottom than at the top, as shown in Sec. 16 of this rule.

**SECTION 16. Graphic Illustration of Drawings and Seeding**

When using a 32-man bracket, if byes are drawn, they will take their places as shown in the first round column as follows:

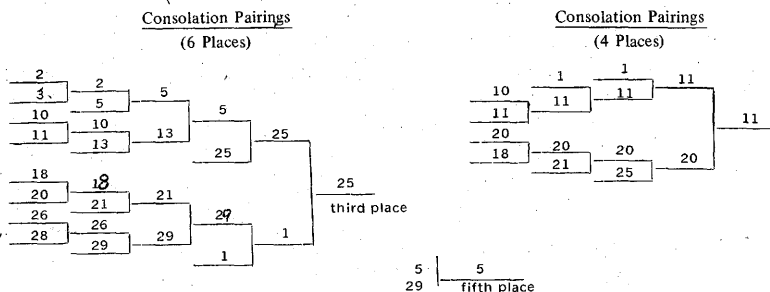

First bye - Line 32  
 Second bye - Line 1  
 Others, in order - Lines 17, 16, 24, 5, 21, 12, 29, 3, 25, 8, 24, 9, 20, 13.

When using a 16-man bracket, byes will take their places in the same order as shown in the second round column.

- No. 1 seeded man draws for possible positions 9 through 16 in 2nd quarter.
- No. 2 seeded man draws for possible positions 17 through 24 in 3rd quarter.
- No. 3 seeded man draws for possible positions 25 through 32 in 4th quarter.
- No. 4 seeded man draws for possible positions 1 through 8 in 1st quarter.
- No. 5 seeded man draws for position in opposite half of 1st quarter.
- No. 6 seeded man draws for position in opposite half of 4th quarter.
- No. 7 seeded man draws for position in opposite half of 3rd quarter.
- No. 8 seeded man draws for position in opposite half of 2nd quarter.

If seedings hold true, quarterfinals should pit No. 4 against No. 5, No. 1 against No. 8, No. 2 against No. 7, and No. 3 against No. 6.

**CONDUCT OF MATCHES AND TOURNAMENTS**

2 represents first man defeated by quarter-final winner 1  
 3 represents second man defeated by quarter-final winner 1  
 5 represents third man defeated by quarter-final winner 1 } first quarter

10 represents first man defeated by quarter-final winner 9  
 11 represents second man defeated by quarter-final winner 9  
 13 represents third man defeated by quarter-final winner 9 } second quarter

25 represents loser of championship semi-final in lower half of bracket.

Loser of consolation final (1) places fourth.

Loser of consolation semi-finals (5 and 29) compete for fifth place;  
 Loser of this bout places sixth.

**Contestants Eligible for Third Place Matches** SECTION 17. a. Immediately after completion of the first quarterfinal match in each weight, consolation rounds shall start among all contestants defeated by the winner of this quarterfinal match. At the conclusion of the championship semifinals, the losers of those semifinals shall be cross-bracketed into the consolation semifinals (See b. following.)

After completion of the second, third and fourth quarterfinal matches in this same weight, the same plan shall be followed as indicated in the preceding paragraph.

b. Consolation matches to determine third place and subsequent places shall be conducted in accordance with the original first round drawings. Therefore, those eligible for the third place consolations should be matched in the order in which they were defeated by the semifinalists in this quarter-bracket.

The winner of the consolation matches involving eligible wrestlers from the first quarter-bracket should be matched with the winner of the consolation matches involving eligible wrestlers from the second quarter-bracket. The winner of this bout should be matched with the loser of the championship semifinal bout in the *lower half* of the bracket (cross-bracketing) in the consolation semifinals. The same procedure should be followed with the consolation winners from the third and fourth quarters, the winner being matched against the semifinal loser from the *upper half*.

The eligible contestants are designated in a. of this section.

- c. In the event two wrestlers who have competed against each other previously in the tournament are paired again for either third place or for fifth place, the bouts shall be wrestled and scored as if they had not met previously.

### Example

SECTION 18. Referring to the Graphic Illustration under Sec. 16, those eligible for the third-place rounds are B, C and E from the first quarter; J, K and M from the second quarter and Y as the loser of the championship semifinal in the lower half; plus R, T and U from the third quarter; Z, BB and CC from the fourth quarter and A as the loser of the championship semifinal in the upper half. Only the semifinal losers are cross-bracketed.

We will assume that B wins from C and E wins from B; that J wins from K and M wins from J; that R wins from T and U wins from R; that Z wins from BB and CC wins from Z.

E then wins from M and is matched in the consolation semifinals against Y. CC wins from U and is matched in the consolation semifinals against A. The winners of the consolation semifinals compete for third and fourth places and the losers compete for fifth and sixth places.

All third-place and fifth-place matches shall be run off prior to the first-place championship matches.

## National Collegiate Championships

Each participant in the National Collegiate or National College Division wrestling competition must be eligible under the rules of (1) his own institution; (2) the intercollegiate athletic conference of which his institution is a member, if such affiliation is held, and (3) the National Collegiate Athletic Association. The eligibility rules of the Association are set forth in NCAA Bylaw 4.

Institutions which have declared College Division under Bylaw 4-6a, may not enter athletes in the National Collegiate Championships unless they first qualify by finishing in the first four in any weight division in the National College Division Championships. Any institution which has not signified in writing to the NCAA executive director its compliance with Art. 4, Sec. 6b of the NCAA Bylaws (the 1,600 rule), may not enter its student-athletes in any NCAA post-season event.

## INFRACTIONS

**Abusive or Unsportsmanlike Conduct** SECTION 1. Conduct of coaches, contestants or team personnel (manager, trainer, physician, etc.) which becomes abusive, unsportsmanlike or interferes with the orderly progress of the match is subject to penalty without warning. The home management shall be responsible for the removal of violators at the request of the Referee. (See Penalty Chart).

### NOTES

1. This includes abusive language used during and following a match.
2. Spectators may be removed from premises without penalty.

**Flagrant Misconduct** SECTION 2. If in the opinion of the Referee the unnecessary roughness or abusive conduct is of a flagrant nature before, during or after the match, the contestant is disqualified on first offense. Disqualification point or points are awarded, and one team point is deducted from the offending wrestler's team score. The penalty for flagrant misconduct by coaches or contestants is removal from the premises and one team point deducted. A contestant so disqualified in tournament competition is not entitled to placement points but will be credited with advancement and fall points earned prior to the incident with other contestants remaining in their respective positions.

**Foreign Substance On Skin** SECTION 3. The use of oil or greasy substances which cannot be completely removed shall be grounds for disqualification at the discretion of the Referee. Time out for the removal of such foreign substances shall be cumulative with the time out for injuries

throughout the match. The total time out shall not exceed three minutes. (See Rule 7, Sec. 4.)

NOTE—This provision is applicable when contact lens are dislodged or lost during a match.

### **Unnecessary Roughness**

SECTION 4. Either before, during or following a match, intentional striking, gouging, kicking, hair pulling, butting, elbowing or an intentional act which endangers life or limb shall be penalized. (See Penalty Chart, Note 2.)

## **Holds**

### **Illegal**

SECTION 5. Any hold shall be allowed except the hammerlock above the right angle; the twisting hammerlock; front headlock; headlock without the arm; the straight head scissors (even though the arm is included); over-scissors; full (double) nelson; strangle holds; all body slams; toe holds; twisting knee lock; key lock; overhead double arm bar; the bending, twisting or forcing of the head or any limb beyond its normal limits of movement; locking the hands behind the back in a double arm bar from the neutral position; full back suplay from a rear standing position and any hold used for punishment alone. (See Illustrations Nos. 8 through 35.)

### **NOTES**

1. Contestants may grasp all four fingers in an effort to break a hold, but pulling back the thumb, or one, two or three fingers is illegal.
2. The term "slam" is interpreted as lifting and bringing an opponent to the mat with unnecessary roughness. This infraction may be committed by a contestant in either the top or bottom position on the mat as well as during a takedown. When a contestant lifts his opponent off the mat and brings him forcibly to the mat with the upper half of the body coming in contact with the mat first, a slam will be called. A forceful trip may be considered as unnecessary roughness. Slams shall be called without hesitation following situation occurring.
3. An intentional drill or forceful fall-back is illegal when the defensive wrestler is in a standing position and the offensive wrestler has a scissor hold or a cross body ride.

4. A leg hooked over the top toe of an opponent's straight body scissors is interpreted as an over-scissor and therefore illegal.
5. A wrestler applying a legal hold should not be penalized when his opponent turns the legal hold into an illegal hold. The Referee shall cause the hold to be released if there is a danger of injury. However, the match need not be stopped unless the Referee finds it necessary to do so in order to correct the situation.
6. Whenever possible an illegal hold should be prevented rather than called.
7. The three-quarter nelson is not to be interpreted as a headlock.
8. Pulling the head over the shoulder with hands locked or overlapped is not to be interpreted as a headlock.
9. The double arm bar is legal while in a neutral position if hands are locked at the side. (See Illustration 19.)

**Potentially  
Dangerous**

SECTION 6. The double wristlock, chicken wing, split scissor, guillotine when being applied with arm forced beyond normal range of movement and other holds which may cause injury when used legally are considered potentially dangerous holds. (See Illustrations Nos. 9, 10, 28, 29 and 30.)

Contestants should know the dangers of these holds and the blocks for them. The Referee should anticipate danger of injury from these holds and be in position to block them before they reach the danger point. Furthermore, all Referees, coaches and contestants should understand that any and all holds used in such a way as to endanger life or limb are illegal and all Referees should verbally caution contestants against forcing a potentially dangerous hold into an illegal position. The double wristlock and chicken wing become illegal when forced into a twisting hammerlock position as in the case of applying the force parallel instead of perpendicular to the long axis of the body.

No contestant should ever be put in a position where he must forfeit a neutral position, a position of advantage or a fall because of an injury or danger to life or limb. And the Referee should promptly stop any and all holds which in his opinion may so result. If a legitimate hold is forced to such an extent as to endanger a contestant, or if it becomes a punishing hold, the Referee shall stop the match and require the hold to be broken. No penalty points should be awarded. The match shall be re-

sumed in the neutral or starting position on the mat as determined by the position held at the time the match was stopped.

NOTE—The chicken wing is a legal but potentially dangerous hold. When the hand of the defensive wrestler goes behind the back with parallel pressure to the long axis of the body, it becomes a twisting hammerlock and is illegal. (See Illustrations Nos. 28, 29, 30 and 31.)

Any holds over the mouth, nose, eyes or front of the throat shall not be permitted. Pressure from the side of the hand, forearm or wrist is considered a hold and therefore barred when used on the mouth, nose, eyes or front of the throat. Forcing such a hold may be considered unnecessary roughness depending on the intent of the act as determined by the Referee and shall be penalized accordingly. (See Illustrations Nos. 32 through 35.)

## Technical Violations

### Stalling

SECTION 7. It is the responsibility of contestants, officials and coaches to avoid the use of stalling tactics or allowing the use thereof and action is to be maintained throughout the match by the contestants making an honest attempt to stay in the circle and to wrestle aggressively whether on the top, bottom or neutral positions. This concept shall be demonstrated by those responsible with strict enforcement by officials. A stalling penalty is preceded by a warning and there shall be only one warning per match, including overtime, per contestant.

When an official recognizes stalling occurring at any time and in any position, he will warn the offender and thereafter violations will be penalized when stalling recurs. These provisions require the Referee to penalize stalling without hesitation.

### Neutral Position

SECTION 8. Each wrestler must make an honest attempt to stay within the 10-foot circle and maintain an attack to secure a takedown regardless of the time or score of the match. A contestant who continually avoids contact with his opponent is stalling. A contestant may leave the circle to maneuver for position provided

he continues his attempt to gain an advantage and make an effort to work back into the circle. Taking a position near the edge or allowing his opponent to push him off the mat when the opponent makes an effort to go behind, is stalling.

**Advantage  
Position**

SECTION 9. The contestant in the advantage position on the mat shall make an honest attempt to wrestle aggressively and attempt to secure a fall. Intentionally releasing an opponent is not considered stalling unless the contestant in position of advantage is not wrestling aggressively. The released wrestler is to be allowed reaction time before a takedown can be attempted.

**Holding  
Legs**

SECTION 10. It is stalling when the wrestler in the advantage position on the mat grasps the defensive wrestler's leg or legs with both hands or arms unless such action is designed to break his adversary down for the purpose of securing a fall or to prevent an escape or reversal. Repeatedly grasping and holding the leg or legs with both hands or arms merely to break the defensive wrestler down or to keep him under control is a violation under this rule. When the defensive wrestler has gained his feet, the wrestler in the advantage position is allowed reaction time to begin his breakdown when he is holding a leg or legs with both hands or arms. Continually grasping or interlocking hands around a leg resulting in a stalemate situation is to be considered stalling.

**Defensive  
Position**

SECTION 11. Refusing to wrestle aggressively in the defensive position is stalling and shall be penalized as a technical violation. Referee will give both visual and verbal warning without stopping the match. (See Penalty Chart.)

NOTE—When there is no action in the mat position, the responsibility for initiating action rests with both wrestlers.

**Interlocking  
Hands**

SECTION 12. The wrestler in the position of advantage may not interlock or overlap his hands, fingers or arms around his opponent's body or both legs unless his opponent has all of his weight sup-

ported entirely on his feet or he has him in a pinning situation. The mere touching of the defensive wrestler's hands to the mat is not considered a change in this position unless the hands are used as support parts, in which case, the offensive wrestler is allowed reaction time to release the lock. It is unsportsmanlike for the defensive wrestler to touch his hands to the mat in order to release the offensive wrestler's lock and the Referee shall not call a violation if the lock is held in such cases. (See Illustrations Nos. 36 through 39 and Fig. 13.)

NOTE—The Referee shall not stop action when signaling the violation when the defensive man is in the process of a reversal or escape. The defensive man is allowed to complete the reversal or escape provided he does so in a continuous maneuver. If the defensive man fails to complete the reversal or escape after an opportunity to do so, the Referee shall stop the match and award the penalty. (See Penalty Chart and Fig. 13.)

**Leaving Mat Without Permission** SECTION 13. It is a technical violation to leave the mat without first receiving permission to do so from the Referee.

**Delaying Match** SECTION 14. Delaying the match such as straggling back from out-of-bounds, unnecessary changing and adjusting equipment, repeatedly assuming incorrect starting position and repeatedly making false starts from the starting position are technical violations.

**Going Off The Mat** SECTION 15. Going off the mat or forcing his opponent off the mat any time by either wrestler as a means of avoiding wrestling is a technical violation. Penalty points will not be awarded in situations where predicaments or near-fall points are earned.

**Grasping Clothing** SECTION 16. Grasping of clothing, mat or mat cover or headgear by a contestant is prohibited, and any advantage gained thereby shall be nullified. Grasping clothing to prevent or gain an escape, reversal, takedown or fall is a technical violation.

NOTE—(Treat same as Note under Sec. 12.)

**Injury from Illegal Action** SECTION 7. If a contestant is so injured by any illegal action that he is unable to continue following a maximum of three minutes rest, the match shall be defaulted to the injured contestant. In case of an intentional attempt to injure an opponent, the offender shall be disqualified. (See Rule 6, Sec. 4, and Penalty Chart for Flagrant Misconduct.)

**Attendants During Time-Out** SECTION 8. No more than two attendants and a physician shall be permitted on the mat with the wrestler during time-out.

*This shows front and rear view of official shirt. Any shirt with more exposure is illegal.*

**No. 3—TOUCH START (Sight Handicapped)**

*Each contestant shall have fingers of one hand over and the fingers of the other hand under his opponent's fingers. Fingers shall not extend beyond the knuckles.*

Note—Control is gained when the hold is applied to the lower leg.

No. 7—CONTROL  
Illustration demonstrates control following allowance for reaction time.

**No. 8—ILLEGAL HAMMERLOCK (ABOVE RIGHT ANGLE)**

*The hammerlock is a legal hold, provided the arm is not bent above the right angle (i.e., provided that the arm is not carried above the small of the back); and provided, further, that the hand is not forced out away from the body, making it a twisting hammerlock. In this illustration the arm is carried distinctly above the right angle and is illegal.*

→  
**No. 9—ILLEGAL DOUBLE WRISTLOCK ON THE MAT**  
*This cut shows double wristlock turned into a typical twisting hammerlock that will injure opponent's shoulder if the arm is forced upward, unless opponent turns with the pressure, which often he is unable to do promptly enough to prevent injury to the shoulder.*

←  
**No. 10—LEGAL DOUBLE WRISTLOCK ON THE MAT**  
*The double wristlock on the mat is legal if the direction of the force is perpendicular to the long axis of the body.*

→  
**No. 11—ILLEGAL FRONT  
 HEAD LOCK**

*Illustration shows how the front head lock is used to counter a leg pickup. This hold is dangerous and is illegal.*

←  
**No. 12—ILLEGAL HEAD-  
 SCISSORS**

*This hold is illegal. All straight scissors on the head are illegal.*

→  
**No. 13—LEGAL HEAD-  
 SCISSORS (FIGURE 4  
 HEAD-SCISSORS)**

*The figure 4 Head-Scissor is considered legal when taken as shown, with the hold on either side of the face.*

**No. 14—OVER-SCISSORS  
(AN ILLEGAL HOLD)**

*The over-scissors is barred entirely under these rules because it is only a punishing hold and is of no value unless defensive contestant who uses it is allowed to force the hold, which thereby endangers the ankle and knee of his opponent.*

**No. 15—STRAIGHT  
BODY SCISSORS—  
LEGAL HOLD**

**No. 16—ILLEGAL TWISTING  
KNEE LOCK**

*This shows the start of a twisting knee lock. If the leg is forced further this will become an illegal hold (Rule 6, Section 5). The Referee should anticipate the danger of injury from this hold and be in a position to block it before it reaches the danger point. (See Rule 6, Sec. 5, Note 6.)*

→  
**No. 17—LEGAL FOOT  
 (IN-STEP) HOLD**

*The defensive wrestler may grasp the instep, heel or ankle in his effort to escape, providing the pressure is not such as to endanger the ankle, knee or hip joint.*

←  
**No. 18—ILLEGAL TOE-  
 HOLD (ALSO TWISTING  
 KNEELOCK WHICH IS  
 MORE DANGEROUS  
 THAN TOEHOLDS)**

*All toeholds, regardless of the degree to which the leg is twisted are illegal under these rules. Any pressure against the knee joint as shown by the above illustration constitutes an illegal hold.*

**No. 19—LEGAL (left) and ILLEGAL (right) DOUBLE ARM BAR**  
*Locking hands behind the back in a double arm bar from neutral position. Note that the double arm bar is legal when hands are locked at side (under armpit).*

**No. 25—LEGAL GUILLO-  
 TINE**  
*Arm is locked around oppo-  
 nent's head or neck.*

**No. 27—ILLEGAL OVER-  
 HEAD DOUBLE ARM BAR**  
*This hold is illegal when used  
 as shown above either with or  
 without the scissors and ap-  
 plied with either one or both  
 arms.*

**No. 26—POTENTIALLY DAN-  
 GEROUS GUILLOTINE**  
*When applying the guillotine, forc-  
 ing the arm beyond normal range  
 of movement is to be interpreted as

**No. 28—LEGAL CHICKEN WING**  
*No evidence of illegal pressure or twisting hammerlock.*

**No. 29—ILLEGAL CHICKEN WING**  
*Pressure (force) parallel to the long axis, regardless of whether defensive wrestler's hand is in front or back, makes this an illegal hold.*

**Nos. 30 and 31—POTENTIALLY DANGEROUS CHICKEN WING**  
*While pressure (force) is neither parallel nor perpendicular to defensive wrestler's long axis, possible twisting hammerlock causes hold to become potentially dangerous.*

It is frequently used momentarily in order to prevent defensive wrestler from coming out from underneath or to bring defensive wrestler back into position for a fall. Referee should see that offensive wrestler does not secure unfair advantage by means of this illegal action.*

←

**No. 36—INTERLOCKING OF HANDS AROUND THE BODY**

*A Technical Violation. Offensive wrestler is not allowed to lock hands, fingers, wrists or arms around body while defensive wrestler is supported by parts other than his feet.*

→ **No. 37—LEGAL USE OF THE HANDS IN WAIST-LOCK**

*This shows the legal use of the hands of the top man. The defensive contestant's supporting parts except feet are clearly off the mat.*

←

**No. 38—LEGAL USE OF HANDS IN BODYLOCK**

*This complete bodylock is legal because defensive wrestler is in a standing position. This hold would be a technical violation if defensive wrestler had one or both knees on the mat.*

**No. 39—INTERLOCKING OF HANDS AROUND LEGS**

*This position is a technical violation.*

# Referees' Signals

The signals illustrated on the following pages are standard for wrestling Referees throughout the nation. It is the duty of every Referee to know these signals in order to give them instantly and clearly so that the wrestlers, timers, scorers and spectators are aware of what is taking place during the progress of the match.

## The Use of the Whistle

SECTION I. The whistle should be held ready for immediate use at all times during the match.

→  
**Fig. 1—Shaking Hands and Stepping Back.** After the officials indicate they are ready at the table, the Referee directs the wrestlers to shake hands, step back to their designated areas, and be ready to wrestle when the whistle sounds.

**Fig. 2—Designating The Position Of The Wrestlers Before The Start Of The Match.** As the wrestlers come onto the mat the Referee points to the areas they are to take on the circle (green for the home team, red for the visiting team). He next points one hand toward the timers and scorers to verify their readiness. Note—After an out-of-bounds, wrestlers return to designated areas. The Referee raises his hand forward between two wrestlers. After a momentary pause to make certain the wrestlers are ready, he sounds his whistle and simultaneously moves his hand as a signal for the wrestlers to go into action.

**Fig. 3—Resuming The Match in The Starting Position On The Mat.** The Referee should face the officials table and kneel on one knee or stand at a distance of 8 to 10 ft. in front of the wrestlers and a little to the side on which the top wrestler stations himself. The Referee may give a preparatory command such as "Get Set" or "ready." When the wrestlers are in proper positions (Rule 2, Sec. 14) and after a momentary pause the Referee sounds his whistle and moves his hand to start the action. Note—Some wrestlers watch the Referee's hand to get a fast start. It is usually better in such cases to blow the whistle a moment before moving the hand. The whistle starts the action. The hand signal is for the timer; in case they do not hear the whistle.

**Fig. 4—Stopping The Match.** The Referee blows his whistle and extends his hand to stop the watch.

**Fig. 5—Stopping The Match For Out-Of-Bounds.** When the contestants are out-of-bounds (Rule 2, Sec. 8) the Referee stops the match and extends both arms horizontally to the same side toward the out-of-bounds. The Referee places himself in the most advantageous position to determine the out-of-bounds and stops the match immediately when the out-of-bounds occurs.

**Fig. 6—Declaring A Neutral Position Standing After Out-Of-Bounds.** When the contestants are out-of-bounds (Rule 2, Sec. 8) and neither is in an advantage position, the Referee stops the match as in Fig. 5 and signals a Neutral position. The upper arms are front horizontal, both forearms are vertical and the hands are extended upward.

**Fig. 7—Indicating A Neutral Position During A Scrimmage For A Take-Down.** Both arms are extended sideward slightly below the horizontal with the palms of the hands down. The Referee moves his hands back and forth bringing them together and moving them away while verbally announcing "no advantage."

**Fig. 8—**Indicating Retention Of Advantage. Whenever there is any doubt as to the contestant in the advantage position the Referee should indicate the contestant in the advantage position by pointing to him with the index finger of one hand. The Referee will keep his other hand down and along his leg so that there will be no confusion as to whether any points are awarded.

**Fig. 9—**Awarding Points. One arm and index finger are pointed at the wrestler receiving the points. At the same time the Referee verbally announces the award and the name of the team receiving it as he raises his opposite arm to a near vertical position, indicating with extended fingers the number of points awarded.

**Fig. 10—**Warning A Contestant For A Violation. The match is stopped. The index finger of one hand is pointed to the violator. At the same time the Referee verbally announces the penalty and raises the opposite arm with his fist doubled to indicate the "warning" or penalty. Note—For "warning" and penalizing defensive stalling the match is not stopped

←

**Fig. 11—Scoring A Pinning Situation.** The Referee gets down on the mat in a prone position in the best view of the defensive contestant's back while at the same time trying to keep out of the way of the contestants. The Referee does not signal a score for a "near-fall" or "predicament" until the pinning situation is ended. (Rule 2, Sec. 10, Note 1) After the situation is finished the Referee extends one arm upward indicating with the fingers the number of points awarded as he directs the index finger of his other hand toward the contestant receiving the points.

**Fig. 12—Calling A Fall.** When the fall (Rule 2, Sec. 5) is imminent the Referee raises one hand about 10 inches. As soon as the fall is completed he quickly strikes the mat with the palm and verbally announces "Fall." The Referee is not to put his hands under the back of the defensive wrestler unless his view of the shoulders is blocked by one or both contestants and it is absolutely necessary for him to feel the back on the mat in order to call the fall (Rule 8, Sec. 3h.)

→

←

**Fig. 13—Interlocking Hands, Or Grasping Clothing, During An Escape Maneuver** (Rule 10, Sec. 7 a. When the bottom contestant is in the process of an escape or reversal and the contestant on top locks his hands or grasps the clothing to prevent the maneuver, the Referee indicates the violation by clasping his hands over his head. This signal stops the advantage time for the top contestant, and indicates the violation has occurred but the Referee is allowing the bottom contestant an opportunity to complete the action providing he does so in one continuous maneuver. If the maneuver is successful, bottom contestant gains neutral or top position, the Referee signals the points and the match continues with no interruption. If the bottom contestant fails to complete the maneuver the Referee stops the match and awards the penalty. (See Penalty Chart.)

→

**Fig. 14—Preventing An Illegal Hold.** (Rule 6, Sec. 5 & Rule 8, Sec. 3g.) The Referee anticipates a potentially dangerous hold and gets in position to block it before it becomes dangerous. He may also verbally caution the contestant against forcing a potentially dangerous hold into an illegal hold.

←

**Fig. 15—Calling Time Out.** The match is stopped as in Fig. 4. If there is to be a delay in resuming the match, the Referee will indicate "time-out" by extending one hand in a vertical position at right angles to his chest with the ends of the fingers touching the palm of the other hand which is extended in a horizontal position in front of the chest. The Referee announces to the scorers the reason for the time out and to whom it is charged.

→

**Fig. 16—Calling A Stalemate Situation.** The match is stopped as in Fig. 4. Then the Referee indicates the reason for stopping the match as a stalemate by placing the arms on the chest in a bent position with the fists closed as indicated at the right.

←

**Fig. 17—Indicating A Potentially Dangerous Hold.**

→  
Fig. 18—Indicating An Illegal Hold.

←  
Fig. 19—Indicating Stalling By Defensive Wrestler. Match continues.

→  
Fig. 20—Declaring The Winner. (Rule 8, Sec. 3i) At the end of the match the Referee orders the wrestlers to shake hands and raises an arm of the winning wrestler.

←  
Fig. 21—Declaring A Draw. In case of a tie score at the end of the match in dual meets, the contestants will shake hands and the Referee will raise a hand of each of the contestants.
