**ON THE COVER:** Oregon State senior Greg Strobel, whose 39th victory in an unbeaten junior season earned the national collegiate 190-pound championship and honor as the meet's outstanding wrestler in 1973. That triumph tied the Oregon State record for most wins in a season and set Strobel's career mark at 92-7-1. The native of Scappoose, Ore., was a three-time state champion in high school and competed on an Oregon cultural exchange team that toured New Zealand in the summer of 1970. This past summer he participated in the South Africa Games. A business and technology major at OSU, Strobel will defend his championship in March at this year's meet in Ames, Iowa.

## NATIONAL PREVIEW-REVIEW

# Hilton Coliseum's Friendly Confines Might Assist Cyclone Repeat Efforts

By **RUSS L. SMITH**

*Sports Editor, The Waterloo (Iowa) Courier*

The National Collegiate Athletic Association's 44th national tournament will unfold in March in Ames, Iowa, home of the Iowa State University Cyclones and just about the only place, in recent years, that the Cyclones haven't won a national championship.

Since they won their first in 1965 at Laramie, Wyo., the Cyclones have won five championships, but one of the four they missed was the 1966 meet which was in the Iowa State Armory in Ames.

This season's edition will be in grand, new 14,500-seat Hilton Coliseum and, just as in 1966, Iowa State will enter as defending champion.

Whether or not the Cyclones have the strength to repeat without huge heavyweight Chris Taylor for an anchorman is a matter that will possibly remain under contention right up until 10 p.m. Saturday, March 16.

The only thing that seems relatively certain about that evening is that Hilton Coliseum will be jammed to its high, girderless ceiling with the largest crowd ever to see collegiate wrestling in the United States.

**AMES IS BIG EIGHT COUNTRY AND THAT IS WRESTLING COUNTRY.** That Conference has claimed 38 undisputed championships and tied for another in the previous 43 years, and the state of Iowa won two of the four championships that got away from the Big Eight.

Only once in the long history of NCAA wrestling did the team title leave the Midwest, when Penn State claimed it back in 1953.

Dr. Harold Nichols has only been out of the win, place or show ring once since he coached Iowa State to a third place in 1957.

However, the West Coast got into the picture last year like it never has before. Oregon State had a shot at the championship going into the final round and finally finished a strong second behind the Cyclones.

**HOST WASHINGTON**, shattered by injuries that persisted right up through the NCAA tournament, still finished seventh.

And Brigham Young came out of the mountains for a stunning fourth-place finish ahead of both Big Eight champ Oklahoma State and conference power Oklahoma.

*Russ Smith won the Bob Dellinger Award as the wrestling writer of the year in 1963, the first year after Bob decided to retire from the honor.*

*So it is only natural, perhaps, that he succeeds Dellinger as the Guide's author of the national wrestling preview article. Dellinger left newspapering this year to take a position with the U.S. Wrestling Federation.*

*Smith, sports editor of the Waterloo Courier since 1966 and a staffer since 1949, grew up in the Waterloo-Cedar Falls hot-bed of wrestling, where a sports journalist HAD to follow the sport. He became active on the collegiate beat in 1953.*

The East's best threat in the meet doesn't show up in the team standings. Clarion State had three champions and could have tabulated more points than all but Iowa State, Oregon State and Michigan, but the Eagles, as a college division school, can not compete for the national title.

Two of Clarion's champions will be among the six individual titlists returning this year. But the Eagles will have to do without two-time champion Wade Schalles, who lost only one match in two years, none last year. Schalles was named outstanding wrestler in 1972 when he won at 150 pounds. Last year he moved up to 158 and won again, defeating Oregon State senior Mike R. Jones in the finals and formally clinching the team championship for Iowa State.

**BUT THE OUTSTANDING WRESTLER AWARD** went to Oregon State's likewise undefeated and untied 190-pounder, Greg Strobel, a junior who will be out to repeat this year at Ames.

Schalles will wrestle through the dual meets with the Eagles. However, he is a transfer student with no more tournament eligibility.

Not so Clarion State freshman Don Rohn, who was the second straight wrestler from his school to win the 134-pound university division crown after placing third in that weight in the college division. He'll have three more shots at a University Division title. Bill Simpson, powerful 167-pound champion, also will have another try.

Iowa State lost three of its six placewinners via graduation. Two of the returnees have placed in two previous NCAA meets.

Taylor, the 1973 meet's pinning champion, Capt. Keith Abens at 167 and Bill Fjetland at 134 were seniors.

**CHAMPION RICH BINEK AT 177 WAS A JUNIOR.** He placed third at the weight the year before. Al Nacin was fifth at 190 pounds as a sophomore after finishing second at 177 as a freshman in 1971. Nacin did not compete in 1972. Ron Glass, a sophomore, placed second at 126 pounds.

Nichols, of course, didn't stay home during the recruiting season. His prize catch would have to be Bob Holland, a middleweight out of East Leyden High in Schiller Park, Illinois.

One of the most sought after high school wrestlers in the nation last spring, Holland was a prep all-America, undefeated and with a victory by fall over another high school all-America, Tony Cordes of Waterloo, Iowa.

It was the only defeat suffered last year by Cordes, a close personal friend and wrestling protege of Olympic champion Dan Gable. Cordes won two state titles and a second for West Waterloo High and has followed Gable, now an assistant coach at the University of Iowa, to the Hawkeye squad where he joins three other high school all-America recruits.

**HE MAY HAVE A HARD TIME MAKING THE HAWKEYES' LINEUP** what with returning third place winner Don Holm at 150 pounds and Jan Sanderson, a 1972 sixth place finisher, back again at 158. Iowa, second to Michigan in the Big Ten and tied for seventh in the NCAA, could be ready to move up.

The Hawkeyes had one national champion last spring in 118-pounder Dan Sherman, who was a senior.

Oregon State had five placewinners last year, four of them either first or second, but they lost three of them through completion of eligibility.

Phillips, who finished the tournament with a broken nose and placed second at 118 pounds, is back as is Strobel. Runnersup Jones at 158 and heavyweight Jim Hagen and fifth-place Jim Crumley at 177 are gone.

Perhaps the Beavers' top recruit this year is Larry Bielenberg, Oregon

state champion in both Greco-Roman and freestyle. Though he could make 191 pounds, he has the speed and quickness reminiscent of the Beavers' great Jesse Lewis and expects to wrestle at heavyweight.

A 150-pounder who sat out most of last year because of an injured knee, Mike Palmer, also could be heard from this year. Oregon State's recruits also included three other athletes who won two state high school championships each, one of them from Idaho, and the other two from Oregon.

The Big Eight Conference has presented a paradox the past couple of years where Iowa State has twice won the National title after losing the conference crown to Oklahoma State.

But, in those two years, the Cowboys have had a total of exactly one wrestler reach the finals of the NCAA tournament. That was Bobby Stites at 134 pounds, runnerup as a senior last year.

**THE COWBOYS, WHO ALSO DEFEATED IOWA STATE IN A DUAL MEET** but lost to Washington, saw perhaps their best 1973 championship candidate, Billy Martin, finish fifth at 126 pounds.

Martin, who perfected the Granby roll under the tutorship of his Hall of Fame coach and father, Bill Sr., at Granby High in Norfolk, Va., went into the nationals undefeated. He had three victories, for instance, over Iowa State's Glass, who finished second at 126 in the nationals.

The Cowboys lost only two regulars—Stites and 167-pound Brandt Noon, third in the Big Eight.

Noon should be adequately replaced by Mark Tiffany, a sophomore who was scholastically ineligible to compete as a freshman.

The Cowboy heavyweight, Tom Hazell, was sixth as a junior last year.

**THE UNIVERSITY OF OKLAHOMA HAD A SOPHOMORE**, Jeff Callard, and a freshman, Rod Kigore, place third at 167 and 158, respectively, and a junior, Gary Breece, place sixth at 118. Breece's health, however, makes another season questionable for him.

Coach Stan Abel's most widely publicized recruit is Jay Pfau, a 6-6½, 440-pound heavyweight out of Sidney, Mont. The Sooners lured Pfau away from Iowa State, who had Taylor expounding their virtues to him.

Pfau is just one of 14 state champions among 16 recruits the Sooners planned to bring in this year.

Michigan was the Big Ten's power last year, and its third-place national finish was a surprise considering the returning talent at Michigan State, which had been runnerup to Iowa State the year before. But the Wolverines will surprise no one if they are in contention next year. They have seven wrestlers returning who were in the Big Ten finals this year, including the 150-pound NCAA champion, Jarrett Hubbard.

**MICHIGAN STATE LOSES ONLY BIG TEN CHAMPION TOM MILKOVICH** and Bruce Zindel, a two-time third place finisher in the Big Ten.

The Spartans return 11 lettermen, only three of them seniors. One is Pat Milkovich, the 1972 NCAA champion at 126 pounds as a freshman.

Two others who didn't wrestle last year because of injuries were Mark Malley and Greg Zindel, 150 and 177, respectively.

The list of returnees also includes Randy Miller, 118-pounder who was a member of the 1971 U.S. Pan-American Games wrestling team.

Apparently, the Big Ten's recent passing of a five-year eligibility rule will allow Michigan State's Conrad Calender, the sixth placer at 134 pounds, another year. He transferred from Kent State three years ago after one of competition, to be with five other former Maple Heights, Ohio,

## Helms Foundation Amateur Wrestling Hall Of Fame

The Amateur Wrestling Hall of Fame was established by the Helms Athletic Foundation of Los Angeles in 1957 with an original selection of five wrestlers, nine coaches and one contributor.

Since 1957 annual elections to the Hall of Fame have been held. With the announcement of five additions for 1973, the total number to be honored for their outstanding contributions to the sport is now 134, including 58 wrestlers, 53 coaches and 23 contributors.

Elections to the Amateur Wrestling Hall of Fame are made by the Helms Hall Board as a result of recommendations made by the Amateur Wrestling Hall of Fame Committee, headed by Jess Hoke of Amateur Wrestling News.

A permanent trophy for amateur wrestling is maintained in Helms Hall and members of the Hall of Fame whose names are inscribed thereon are as follows:

preps, including the Milkoviches, on the MSU roster.

Calender sat out his year of transfer ineligibility and now has wrestled two years for Michigan State.

Coach Rick Bay's Wolverines were undefeated in 12 dual meets last season and became the first team in Big Ten Conference history to win nine loop dual meets without a defeat. While Hubbard was expanding his career record to 54-8-1 and improving his finish from second to first, only two Wolverines were winding up their eligibility.

Bay seems to have ready replacements for both 158-pounder Mitch Mendrygal and 167-pounder Roger Ritzman.

At 167 he's bringing in from Muskegon, Mich., Junior College (Chris

Taylor's first collegiate stop), Don Brink, who missed the national JC title by a single point in the championship match this year.

And he proposes to fill the 158-pound spot with a freshman, Mark Johnson, out of Alleman High in Rock Island, Ill. Johnson was runnerup in the Illinois state high school tournament this spring.

Brigham Young will have to get along this year with just three of the Hansen brothers from Tetonia, Idaho. Leron, the elder who placed third at 134 pounds, was a senior. However, Mike, the junior 177-pounder, was regarded as the better prospect. He compiled a 29-4-1 season record, but was upset in the Western Athletic Conference tournament and failed to qualify for the NCAA meet.

Mark Hansen, a sophomore 158-pounder, had a 26-8 record last year and also coming along is 150-pounder David Hansen, a freshman last year.

**BYU HAD THREE PLACEWINNERS.** In addition to Hansen, runnerup Reed Fehlberg, a 142-pounder, completed his eligibility. Ben Ohai, third at 190 pounds, is back with hopes of improving on his 28-4 won-lost record.

The Cougars were the surprise of the 1973 meet with their 42½ points which was one-half point better than Oklahoma State's fifth place finish. Their dual meet record also was a creditable 14-3 with two of the losses to Oregon State and Oklahoma State.

One of the six returning NCAA champions is Don Muthler, who won at 142 pounds to become Navy's first intercollegiate champion since 1955.

Coach Ed Peery's Midshipmen lost only 4 of 12 lettermen. Most significant loss is Capt. Ross Chaffin, Eastern champ at 150 pounds.

Bob Hartman, Eastern champ at 158 pounds, is back.

**PENN STATE COACH BILL KOLL** expects to have a team capable of retaining its Eastern championship in 1973.

The Nittany Lions, 11-1 in dual meets last season, return eight regulars including 126-pounder John Fritz, who was an Eastern champion and third in the NCAA last year as a sophomore.

The loss last year, incidentally, was the Lions' only dual meet defeat in their last 49 starts.

Penn State's heavyweight, Charlie Getty, as well as 190-pounder Larry Subey are football players and the way the Lions' football fortunes have been going lately won't become available to the wrestling squad until after the bowl games are out of the way.

Washington looked forward to hosting last year's national meet, harboring thoughts of winning. However, before the tournament rolled around injuries had felled quite a flock of Coach Jim Smith's candidates, and Washington dropped from its fourth place 1972 finish to seventh.

**TOM BROWN, A FRESHMAN LAST SEASON,** and Mike Fitzpatrick, coming up a senior, had the best years last year, individually. Brown was 28-4-1 at 142 pounds, finishing third in the NCAA, while Fitzpatrick was 32-6-1 overall and sixth at 150. Fitzpatrick was a placer in a division in which all six of the medal winners were underclassmen.

He is considering going up to 158 with Brown moving to 150.

Hajime Shinjo, a placewinner three straight years, has vacated the 158-pound bracket. Bill Murdock, the winner in 1972 at 177 pounds, failed to place for the Huskies in the weight last year.

The Huskies have recruited Toshinobu Oonishi from Hachinos, Japan. The 134-pounder was a junior world games gold medalist at 125.5 in 1971, and has spent the past year studying English.

**NATIONAL COLLEGIATE TITLE-WINNERS**—L-R, front—Sherman (Iowa), Massery (Northwestern), Rohn (Clarion St.), Muthler (Navy), Hubbard (Michigan); back—Schalles (Clarion St.), Simpson (Clarion St.), Binek (Iowa State), Strobel (Oregon State), Taylor (Iowa State)

## NATIONAL COLLEGIATE CHAMPIONSHIPS

# Iowa State Repels Western Challenge To Retain Midlands Mat Stranglehold

By WAYNE BISHOP

*Sports Writer, The Tulsa Daily World*

The West Coast finally got its national tournament. Fans in Seattle, Wash., also got to do some late hand warming when Oregon State's Greg Strobel was voted Outstanding Wrestler in the 43rd NCAA meet.

But the big prize, the national title, went back to Iowa State, where the Cyclones of Ames are doing their part to keep the Big Eight Conference stranglehold on the nation's top wrestling trophy.

There were a few anxious moments for coach Harold Nichols and his followers. Oregon State, making a bid to become the first West Coast team to win the crown, led, 67-66, after the Friday night semifinals.

If nothing else, however, there was the mountainous shadow of Iowa State's Chris Taylor which kept Beaver hopes from getting too high.

**WHEN TAYLOR FINISHED A DISAPPOINTING NIGHT** of finals with the only pin of the gold medal bouts (but the 435-pound senior's fifth straight in the tourney), Iowa State held an 85-72½ margin over Oregon State.

Michigan was a distant third at 59½, while Brigham Young finished a surprising fourth, one-half point ahead of Oklahoma State (42½-42).

Two things, principally, contributed to the lack of thrills in Saturday night's final round. Many of the "names" had been knocked off in the semifinals. And, most noticeably, there were 10 stalling points given in the 10 bouts, in addition to 13 warnings for lack of action.

The near capacity crowd of over 9,000 had plenty of time to eye the "Husky Honies," or to talk about the second straight spectacular showing of Clarion State, College Division power which had three champions.

In retrospect, the amazing thing is that there were more offensive points

scored in the 1973 finals than there were in the exciting 1972 matches at College Park, Md.

**BUT THE LACK OF ACTION** kept the crowd restless. Stalling warnings were given in every match. At College Park only five warnings and three stalling points were given.

Another contributing factor was the absence of any major upset. In any other year, Taylor or Wade Schalles of Clarion State would have been knocked off in the same manner

*Tulsa Daily World sports writer Wayne Bishop has covered wrestling full time only since he joined the World staff in 1970, but he has already made significant impact on the mat sport.*

*Bishop's campaign helped eliminate a state high school rule which restricted most tournament competition, and the result has been a great increase in freestyle wrestling in Oklahoma this year.*

*The 1965 Oklahoma grad spent five years on the advertising and management side of newspapers, "stringing" in sports.*

*In May Bishop received the Bob Dellinger Award as 1973's wrestling writer of the year.*

Dan Gable, Larry Owings and Dwayne Keller had been.

Not so, however. After Friday night, everything went pretty much by the book. And that meant Iowa State had its second straight national title and fourth in five years.

As usual, being seeded was no protection from the brash upstarts from big and small schools. Only 42 of the top 60 seeded wrestlers placed, and two defending champions failed to make it to the finals.

Michigan State's Tom Milkovich was pinned in the 142 semis by Reed Fehlberg of BYU and finished sixth, while Bill Murdock of the host Washington team failed to place at 177. In four weights the top seed finished on top, and only seven of the finals matches involved a No. 1 or No. 2 seed.

**A SPECIAL MEETING OF THE RULES COMMITTEE** was required to preserve six places for Oklahoma's Gary Breece (No. 1 choice at 118) and Washington's Hajime Shinjo (third at 158). Both were injured in the semis while losing and were in hospital beds Friday night, missing weigh-in Saturday.

Strobel's choice as the Outstanding Wrestler gave the West Coast its third such honor since 1967—the first year it was ever won by a young man from the West. That was the late Rick Sanders of Portland State, who was followed in 1970 by Larry Owings of Washington.

After the first minute of his title match with unseeded Johnny Johnson of Northern Illinois, however, Strobel looked like anything but the outstanding wrestler. A supplay specialist, Johnson bent over backwards in his effort to win a national title, and led, 5-0, with an early supplay and three-point near fall against the Oregon State junior.

**IN ONE OF THE FEW TRULY EXCITING FINALS MATCHES**, however, Strobel began a methodical comeback with a reverse 16 seconds before the end of the first period. Johnson escaped early in the second for a 6-2 lead, but at 2:32 Strobel notched a takedown. It was 7-6 going into the third after Johnson again escaped and the Beaver again took him down.

A penalty point for delay of the match against Johnson and Strobel's escape put the winner on top for the first time, 8-7, and he upped that margin with a takedown at 2:08 and a riding time point.

Another Oregon Stater was involved in a fast-moving match when 118-pounder Tom Phillips fell to Iowa's Dan Sherman, 10-5, in the opener to all but eliminate the Beavers from a chance at the title.

Sherman, who had beaten Breece the night before (8-7) to maintain the Big Ten's hex over the Sooner, overcame an early 2-0 deficit with an escape and a takedown with 22 seconds left in the first period.

**HIS ESCAPE AND A FIREMAN'S CARRY** in the second upped his margin to 6-2, but Phillips fought back with an escape and takedown of his own at 1:45 from the finish for a 6-5 count. After being let up, Sherman scored with a counter for two and a riding time point for the final spread.

The Big Ten's outstanding night continued at 126, where Mark Massery of Northwestern held on to edge Iowa State sophomore Ron Glass, 9-8, on a riding time advantage of 2:30.

Massery, who did not become eligible until January, roared out to a 7-0 lead on a pair of takedowns, a two-point near fall and an escape. But the Cyclone came back strong with three takedowns and a pair of escapes around an escape by the Northwestern star to gain an 8-8 tie.

Clarion's Don Rohn became the second freshman in two years to win a national title as he tacked the first loss of the season on Oklahoma State senior Bobby Stites, 5-3. Rohn had a pair of takedowns in the match, while

Stites managed only three escapes.

Schalles joined his teammate in the winner's circle, prevailing over Oregon State's Mike R. Jones at 158, 9-2. Jones fell behind, 2-0, on penalty points for stalling and false starts.

But Schalles, who had pinned his first four foes in the meet to give him eight in 10 NCAA tourney bouts, could not get the fall. His victory, however, clinched the national title for Iowa State.

Navy sophomore Dan Muthler had beaten Fehlberg, 9-4, at 142 before Michigan's Jarrett Hubbard ousted Wisconsin's Rich Lawinger, 8-4, in a battle of stalling, long-time rivals at 150.

**THE THIRD CLARION GOLD MEDAL WAS CHALKED UP** by junior Bill Simpson, who took care of Western Michigan's Doug Wyn, 7-3. A reverse by Simpson nine seconds into the second period was offset by Wyn's escape and a stalling point. Wyn again worked free early in the third to lead, 3-2, but Simpson struck for a takedown at 1:55 and added a two-point near fall and a riding time point.

At 177 Iowa State got its first individual champion when Rich Binek easily handled Gene Barber of Trenton (N.J.) State, 8-3. Both wrestlers were penalized for stalling in the match, which saw the Cyclone junior get two takedowns and a reversal.

**AFTER STROBEL'S GREAT COMEBACK AT 190**, Taylor took care of a scoreless battle against Oregon State's Jim Hagen (outweighed by nearly 250 pounds) when he went to the front and turned him with a chicken wing into the body press as only Chris can do it at 4:19.

Six underclassmen won national titles, which might help dress up the 1974 tournament at Ames. Of the finalists, there were nine seniors, eight juniors, two sophs and freshman Rohn. All told, there were 27 seniors who placed, 19 juniors, nine sophomores and five rookies.

Illinois and Oregon led in finalists with four (three won for the former and only one from the latter). Pennsylvania had three finalists and three champions, which Michigan crowned one of three.

## COLLEGE DIVISION CHAMPIONSHIPS

# Cal Poly Harvests Tournament Honors For The Seventh Time In Eight Years

By **PAUL A. FRANICH**

*Sports Editor, The Brookings (S.D.) Daily Register*

The story of College Division wrestling had a repeat chapter added in 1973 as California Poly of San Luis Obispo won its sixth straight national title. The Mustangs easily outdistanced Clarion State, 108-80, to take their seventh title in the last eight years.

In addition to taking the team title, the favored Californians captured the 11th annual tournament's special awards. Coach Vaughan Hitchcock was named the College Division coach of the year by his fellow mentors and Larry Morgan, the 134-pound champion, was selected the meet's most outstanding wrestler.

Cal Poly's contingent took home a second individual champion in Glenn Anderson at 150 pounds. Finishing in second place were Allyn Cooke and Keith Leland and 158 and 190 pounds, respectively. Cal Poly's other place-winner was Frank Barnhart, who drew special praise from Coach Hitchcock, "I was particularly pleased with Barnhart, who placed third at heavyweight after he had wrestled at 177 pounds all year."

**ROUNDING OUT THE TOP TEN TEAMS** were North Dakota State, Northern Iowa, Wilkes, South Dakota State, Mankato State, Cleveland State, Ashland, and Northern Colorado and Western Illinois in a tenth-place tie.

The championship returned to the Upper Great Plains and the North Central Conference wrestling domain where they began 11 years ago. The city of Brookings and South Dakota State University played host to 110 schools and 398 wrestlers. Northern Iowa hosted the first two tournaments, in 1963 and 1964, and North Dakota State and Mankato State had also hosted previous College Division meets.

*Paul Franich kept busy from November, 1972, to May, 1973, by working as sports editor of the Brookings Daily Register and attending South Dakota State University.*

*When he received his degree in May, he went West to work with his brother in a partnership newspaper publishing venture in Puyallup, Wash.*

*The 24-year-old South Dakota native has worked in commercial journalism since age 17, serving as sports editor for newspapers in Lead and Deadwood, S.D.*

*Franich was also editor of the SDSU Collegian, the student newspaper, for two years as a full-time student.*

A total of 778 matches were wrestled in two days of competition that crowned two individual champions from Cal Poly, North Dakota State and Clarion State.

**THE PRELIMINARY** matches had only one major surprise as top-seeded wrestlers made their way to the quarterfinals before meeting head-to-head.

The ever-dominating presence of Clarion's Wade Schalles may have spelled the demise of host SDSU's Mike Engels. The two

wrestlers battled to a one-two finish in 1972, with Schalles claiming a 14-3 decision and the meet's most valuable wrestler award. He went on to duplicate his feat at the University Division championship.

As 1973's encounter approached, it was noted that Schalles had moved to 158 pounds, where Engels had been competing all season. At the last minute, Engels decided to drop down to 150 pounds and avoid Schalles. Engels drew the No. 1 seed at 150 pounds, Schalles at 158.

Engel's strategy failed, however, for after winning his first preliminary match, he tired considerably and fell 7-3 to Doug Eichenlaub of Lock Haven, Pa. Schalles, meanwhile, had little trouble and coasted to the 158-pound title.

**AT 118 POUNDS, SLIPPERY ROCK'S JACK SPATES** took a No. 4 seed and converted it into a national title by first stopping defending champion Bruce Biondi of Brockport State. That semifinal match was decided by the referees after both regulation and overtime periods ended in ties. Spates then beat South Dakota State's Stan Opp, 9-2, in the finals. That was the second consecutive year that Opp had ended in the runner-up position.

Another top-seeded wrestler fell during the semifinals in the 126-pound class. Cal Poly's Gary McBride was edged 9-7 by No. 4 Harold Wiley from Fullerton State. Wiley then ran into a buzz-saw in the finals in the form of North Dakota State's Phil Reimnitz who decisioned Wiley, 7-5. Reimnitz finished the year with a 37-0 mark and advanced to the finals winning the pinners trophy on four falls in a combined time of 7:47.

**THE FIRST FINAL MATCH FEATURING THE TOP TWO** seeded wrestlers occurred at 134 pounds where Morgan of Cal Poly pinned Greg Maestas of Colorado Western in 34 seconds.

At 142 pounds, Northern Iowa's No. 8 Ken Snyder defeated No. 1 Steve Gardner of Cal Poly, 5-4, in the quarterfinals, and met Lee Petersen of North Dakota State. Petersen claimed the second title for the Bison with a 6-4 decision over his fellow North Central Conference opponent.

In the 150-pound class, unseeded Tom Cavanaugh emerged from the bracket vacated by Engels and faced Cal Poly's Glenn Anderson in the finals. Anderson had won the 142-pound title in 1972 and opened up in the third period to decision Cavanaugh, 7-4, for his second crown.

Schalles kept his slate clean in 1972-73 with a 31-0 record as he stopped Cal Poly's Allyn Cooke, 8-2, for the 158-pound title. Schalles' career record stood 114-5-0 after his triumph at 158 pounds at the National Collegiate meet a week later, including a spectacular 82 pins.

**THE HEAVIER WEIGHTS CONTINUED WITH STAR-GLITTERED**, top-seeded wrestlers highlighting the finals as No. 1 Bill Simpson of Clarion faced No. 3 Doug Stone of Humboldt State at 167 pounds. Simpson captured the second individual championship for Clarion with a pin in 1:12 over Stone.

At 177 pounds Jim Kulpa of Western Illinois carried his No. 1 seeding to a 2-1 decision over No. 2 Bill Knippel of Seattle Pacific, while at 190 pounds the final 1-2 matchup of the meet was Tampa's Fletcher Carr repeating his 1972 performance in capturing the crown with a 6-2 decision over Cal Poly's Keith Leland.

At heavyweight the two top-seeded wrestlers both fell in semifinals with eventual champion Gil Domiani of Northern Michigan pinning top-seeded Jim Woods of Western Illinois in 1:42. In the other match, Clarion's Chuck Coryea decisioned No. 2 Randy Omvig of Northern Iowa, 3-1. In the finals Domiani raced to an 11-1 decision.

# Rule 1

## A MATCH, WRESTLERS, UNIFORMS & EQUIPMENT

### A Match

SECTION 1. A match shall be conducted in each of the ten weight classifications [12 for High Schools] between wrestlers of the same weight class. Matches shall be eight minutes [six for High Schools] in length divided into three periods.

**Representation** SECTION 2. An institution shall be represented by only one wrestler in each weight class and no substitution is allowed for injured wrestlers in dual meets or tournaments.

**Team Captains** SECTION 3. Each team shall designate to the Referee one contestant as its Captain, who shall call the coin toss for choice of position for each weight class at start of second period. However, a team may be represented by more than one individual.

**Persons Subject To the Rules** SECTION 4. All wrestlers, coaches, trainers, and other persons affiliated with the teams are subject to the rules and shall be governed by the decisions of the officials.

### Mats

**Dimensions** SECTION 5. The wrestling area of the mat shall not be less than a square 24 feet by 24 feet or a circular area 28 feet in diameter. All new mats shall have a wrestling area not less than a square 32 feet by 32 feet or a circular area 32 feet in diameter. There shall be a mat area of

RECOMMENDED MAT SIZES

*Minimum mat size provides for a circle with a diameter of 28 feet as a legal wrestling area or a 24-foot square wrestling area with a mat area of approximately five feet in width which extends around the wrestling area proper. Any new mats purchased shall conform to Figures A or B.*

approximately five feet in width which extends entirely around the wrestling area. The entire mat area shall be the same thickness which shall not be more than four inches nor less than the thickness of a mat which has shock absorbing qualities of a two-inch thick hair felt mat.

#### HIGH SCHOOL MODIFICATION

The mat area includes the wrestling mat and a space 10-feet wide completely surrounding the mat as well as the team benches and officials table.

If a mat cover is used, it is recommended that it be sufficiently large to cover the mat proper and all supplementary mats, or laced underneath the mats. The wrestling area shall be marked on the mat cover or mat by painted lines two inches in width. At the center of the mat there shall be similarly painted a circle 10 feet in diameter, and it is recommended a different color be used than that for the boundary line. An area on the opposites sides of the 10-foot circle shall be designated by means of a 12-inch portion of the circle's arc on one side in green and directly opposite a similar portion of the arc in red. Contestants in starting the match and resuming wrestling in a neutral position will return to their respective designated areas. (Home—green, Visitor—red.)

**Starting  
Lines**

SECTION 6. There shall be placed at the center of the cover or mat, two one-inch *starting lines*, one of which lies in the diameter of the 10-foot circle, three feet in length and 10 inches apart. (See diagram above.)

## Wrestlers

**Limitations**

SECTION 7. No contestant shall be permitted to represent his institution in more than one weight class in any meet.

**Forfeits**

SECTION 8. A contestant may not accept a forfeit in one weight class and compete in another class.

**Shift Weight  
Class**

SECTION 9. A contestant who weighs in for one weight may be shifted to a higher weight class. (See High School Modification, Rule 3, Sec. 3, Note 3.)

## Uniforms and Equipment

**Uniforms**

SECTION 10. The uniform shall consist of:

- a. Full length tights, close fitting outside short trunks, and sleeveless shirt without fasteners at the shoulder and fastened down at the crotch. Shirts shall not be cut away in excess of the shirt illustrated in Figs. 1 and 2 (picture of legal shirt, back and front view). The front and back of the shirt shall not be cut lower than the level of the armpit and under the arms the shirt shall not be cut lower than one-half the distance between the armpit and the belt line. Properly cut one-piece uniform is legal only when worn with full length tights. No wrestler shall lower his shoulder straps in the presence of spectators. Failure to comply shall be enforced under unsportsmanlike conduct.

- b. Light heelless gymnasium shoes reaching above the ankle and laced by means of eyelets.
- c. A protective headgear.
- d. In all tournaments, the home management shall have immediately available some means for clearly identifying the contestants. Such provisions may consist of red and green anklets approximately three inches wide.

**Appearance**

SECTION 11. Contestants shall be clean-shaven, free of mustaches, sideburns trimmed no lower than ear lobe level and hair trimmed and well groomed. Because of the body contact involved, this rule has been approved in the interests of health, sanitary and safety measures. The hair in the back shall not extend below the top of an ordinary shirt collar and on the sides the hair shall not extend below ear lobe level.

**Special  
Equipment**

SECTION 12. Any mechanical device which does not allow normal movement of the joints and prevents one's opponent from applying normal holds, shall be barred. Any legal device which is hard and abrasive, must be covered and padded. Artificial limbs and loose pads are prohibited. The use of special medication during a match or time-out because of a pre-existent condition such as asthma, diabetes, etc., shall result in disqualification.

**Enforcement**

- SECTION 13. a. The legality of all equipment (mat markings, uniforms, headgear, devices, pads, etc.) and contestant's appearance shall be decided by the Referee.
- b. The Referee shall also determine whether each contestant has complied with specified health, sanitary and safety measures as to appearance. These shall constitute the sole reasons for disqualification, and application of this rule shall not be arbitrary or capricious.

# Rule 2

## DEFINITIONS

**Decisions** SECTION 1. If no fall has resulted after expiration of the three regular periods of any match as provided in Rule 4, Sec. 3, the Referee shall award the match to the contestant who has scored the greater number of points as provided by the point system in Rule 5, Sec. 2. If there is a tie in the number of points scored, the Referee shall declare the match a draw in dual meets. (See Rule 4, Sec. 5b for tournaments.)

**Default** SECTION 2. A default is awarded in a match when one of the wrestlers is unable to continue wrestling for any reason. (See Rule 4, Sec. 10.)

**Disqualification** SECTION 3. Disqualification is a situation in which a contestant is banned from participation in accordance with the Penalty Chart.

**Escape** SECTION 4. An escape occurs when the defensive wrestler gains a neutral position and the offensive wrestler has lost control while the supporting points of either wrestler are within the wrestling area.

**Fall** SECTION 5. Any part of both shoulders or area of both scapulas held in contact with the mat for one second constitutes a fall. The one-second count (one-thousand-and-one) shall be a silent count by the Referee and shall start only after the Referee is in such position that he can observe that a fall is imminent after which the shoulders or scapula area must be held in continuous contact with the mat in-bounds for one second before a fall is awarded. See figure 12.)

- a. A fall shall not be awarded when one or both shoulders of the defensive wrestler are out-of-bounds. (See Sec. 8 this rule.)
- b. If either wrestler is handicapped by having any portion of his body out-of-bounds, no fall shall be awarded and out-of-bounds shall be declared.
- c. When the match is stopped for out-of-bounds in a fall situation, the match shall be resumed in the starting position on the mat. (See Secs. 11 and 14 this rule.)

**HIGH SCHOOL MODIFICATION**

Two seconds constitutes a fall. The two-second count (one-thousand-and-one, one-thousand-and-two) shall be a silent count by the Referee.

**Forfeit**

SECTION 6. A forfeit is received by a wrestler when his opponent, for any reason, fails to appear for the match. In order to receive a forfeit, a wrestler must be dressed in wrestling uniform and appear on the mat. (See Rule 3, Sec. 7 and Rule 4, Sec. 9c.)

**Neutral Position**

SECTION 7. A neutral position is one in which neither wrestler has control.

**Out-of-Bounds**

SECTION 8. Contestants are considered in-bounds if the supporting parts of either wrestler are inside the boundary lines. A wrestler's supporting points are the parts of the body touching the mat which bear the wrestlers weight, other than those parts with which he is holding his opponent. When down on the mat, the usual points of support may be hands, feet, the knees, the side of the thigh and the buttocks. Wrestling shall continue as long as the supporting parts of either wrestler remains in-bounds, however, near-fall points or a fall may be earned only while the shoulder(s) of defensive wrestler are in-bounds.

**HIGH SCHOOL MODIFICATION**

Wrestling shall continue when the defensive man is on his back near or outside the boundary so long as there is a possibility of the offensive man bringing his opponent back to the in-bounds area.

**Position of Advantage**

SECTION 9. A position of advantage is a position in which a contestant is in control and maintaining restraining power over his opponent. Control is the determining factor. The failure of the offensive wrestler to get his head out from the defensive wrestler's arm does not necessarily prevent the offensive wrestler from having control. The offensive wrestler is entitled to this advantage until such time as his opponent gains a neutral position or a reversal. (See Secs. 4, 7, 8 and 12 this rule.)

**Near-Fall**

SECTION 10. a. A near-fall is a position in which the offensive wrestler has control of his opponent in a pinning situation with:

(1) Both shoulders of the defensive wrestler held momentarily (stopped) within 4 inches of the mat or less, or when one shoulder of the defensive wrestler is touching the mat and the other shoulder is held at an angle of 45 degrees or less with the mat. Two points shall be awarded for such near-fall situations. A continuous roll-through is not to be considered a near-fall.

(2) The criteria for a near-fall having been met uninterrupted for five seconds, three points shall be awarded. Whenever possible a visual hand count is to be used in determining a three-point near-fall.

b. A near-fall is ended when the defensive wrestler gets out of a pinning situation. The Referee must not signal the score for a near-fall until the situation is ended and only one near-fall shall be scored in each pinning situation regardless of the number of times the offensive wrestler places the defensive wrestler in a near-fall position during the pinning situation.

Only the wrestler with the advantage, who has his opponent in a pinning situation, may score a near-fall. Bridgebacks in body scissors or bridgeovers with a wristlock are not considered near-fall situations even though a fall may be scored.

When the defensive wrestler places himself in a precarious situation during an attempted escape or reversal, a near-fall shall not be scored unless the offensive wrestler has control

## Section 11

of and has definitely restrained his opponent in a pinning situation beyond normal reaction time.

**Resumption of Wrestling After Out-of-Bounds** SECTION 11. The position to be assumed by the contestants at the resumption of a match shall be neutral or in the starting position on the mat as determined by the position held upon going out-of-bounds. If neither wrestler has control, the match shall be resumed with both wrestlers opposite each other and on the designated red and green areas on the 10-foot circle. If one wrestler has the advantage, he will take the offensive starting position at the center of the mat.

**Reversal** SECTION 12. A reversal occurs when the defensive wrestler comes from underneath and gains control of his opponent, either on the mat or in a standing position, while the supporting points of either wrestler are within the wrestling area.

**Stalemate** SECTION 13. When the contestants are interlocked in a position other than a pinning situation in which neither wrestler can improve his position, the Referee shall, *as soon as possible*, stop the match and wrestling will be resumed as for out-of-bounds.

**Starting Position** SECTION 14. a. *Defensive Wrestler*. A stationary position at the center of the mat in which the defensive wrestler is on his hands and knees facing *away from the timers' table*. He must keep both knees on the mat in contact with the rear starting line. The heels of both hands must be on the mat in front of the forward starting line. The elbows shall not touch the mat. (See illustrations Nos. 4 and 5, Starting Position.)

b. *Offensive Wrestler*. The offensive wrestler shall be on the right or left side of his opponent with at least one knee on the mat and his head on the mid-line of his opponent's back. The near arm (right or left) is placed loosely around the defensive wrestler's body perpendicular to the long axis of the body with the palm of the hand placed loosely against the

defensive wrestler's navel and the palm of his other hand (left or right) placed on the back of the near elbow. One knee or foot shall be on the mat to the outside of the near leg, not touching the defensive wrestler and a knee or foot may be placed in back of the defensive wrestler's feet. However, one knee must be touching the mat. (See illustrations Nos. 4 and 5, Starting Position.)

**HIGH SCHOOL MODIFICATION**

The Referee is authorized to direct the offensive man to take a starting position after the defensive man is stationary in his starting position on the mat.

**Takedown**

SECTION 15. When from a neutral position, a contestant gains control and places his opponent's supporting points down on the mat, and held beyond reaction time, while the supporting points of either wrestler are within the wrestling area, he has gained a takedown. Down on the mat, the usual points of support may be: knee(s), the side of the thigh and the buttocks. When the hands bear the majority of the defensive wrestler's weight, the hands are considered supporting points.

**Time-  
Advantage**

SECTION 16. The offensive wrestler who has control in an advantage position over his opponent is gaining time-advantage. A timekeeper assigned to each wrestler records his accumulated time-advantage throughout the match. A multiple timer may be used to record the time-advantage. At the end of the match, the Referee subtracts the lesser time-advantage from the greater. If the contestant with the greater time-advantage has less than one minute of net time-advantage, no point is awarded. If he has one minute or more of net time-advantage, he is awarded a maximum of one point.

**HIGH SCHOOL MODIFICATION**

No points will be awarded for net time-advantage.

# Rule 3

## WEIGHT CLASSIFICATION AND WEIGHING-IN

### Weight Classification

#### 10 Weight Classes

SECTION 1. Competition shall be divided into ten weight classes as follows:

118 lbs.	134 lbs.	150 lbs.	167 lbs.	190 lbs.
126 lbs.	142 lbs.	158 lbs.	177 lbs.	Unlimited

#### National Championships

SECTION 2. The National Collegiate and College Division Championships shall be conducted in the above listed ten weights. Since conference meets are qualifiers for the championships, they will have to use the same ten weights.

#### Dual Meets

SECTION 3. Competition in dual meets shall be conducted in the weight order listed, unless changes have been mutually agreed upon at the time of weigh-in.

NOTE—It is recommended that the order of weights wrestled be varied for more uniform interest in dual meet competition.

#### HIGH SCHOOL MODIFICATION

Competition shall be divided into the following 12 classes:

98 lbs.	119 lbs.	138 lbs.	167 lbs.
105 lbs.	126 lbs.	145 lbs.	185 lbs.
112 lbs.	132 lbs.	155 lbs.	Unlimited

Unlimited class contestants must weigh a minimum of 175 pounds.

All interscholastic competition, including interstate competition, shall be conducted in the above 12 weight classes and all such competition shall be governed by the rules as set forth in the *NCAA Wrestling Rules—High School Modification*.

1. Beginning January 1st and continuing until February 1st, two

additional pounds will be allowed in each weight class. Beginning February 1st and continuing for the remainder of the season, one additional pound shall be allowed in each weight class. This will make a net increase of three pounds beginning the 1st of February.

2. The Rules Committee recommends that individual State Associations utilize an effective weight control program which will involve the competitor, the parents, a physician and the coach.
3. A contestant may not wrestle more than one weight class above his actual weight at the time of weigh-in.
4. The use of a sweat box or similar artificial heat device for weight reduction purposes is prohibited.

## Weighing-In

### Time

SECTION 4. a. *Dual Meets*. Contestants may weigh-in a maximum of five hours and a minimum of one-half hour before the meet is scheduled to begin on scales provided by the host school. The exact maximum time shall be decided by mutual agreement of the competing teams.

Teams may weigh-in on home scales by mutual agreement of coaches and shall furnish the weight list with actual weights listed. It is recommended that the accuracy of all scales be certified by a qualified scale authority prior to the first official weigh-in each year.

### HIGH SCHOOL MODIFICATION

Contestants shall weigh-in a maximum of one hour and a minimum of one-half hour before the time the meet is scheduled to begin. When a preliminary meet is followed immediately by a varsity meet, the one-half hour weigh-in period for the second meet may, by mutual consent, precede the preliminary meet. The weigh-in period shall extend no longer than 30 minutes.

- b. *Tournaments*. Each day of the tournament, contestants will weigh-in a maximum of five hours and a minimum of four hours before the meet is scheduled.

### HIGH SCHOOL MODIFICATION

Each day of the tournament, contestants shall weigh-in a maximum of three hours and a minimum of one-half hour before the meet is to begin, with one-pound allowance to be given each day

over the weight limit of the previous day. A contestant who is to represent his school must be named at time of weigh-in. (Changes in time may be made by individual State Associations.)

**Supervision** SECTION 5. The Referee or other authorized person shall supervise the weigh-in of contestants.

**Weight Allowance** SECTION 6. a. *Dual Meets.* For all dual meets, net weights shall be required. No overweight is permitted nor should it be requested. For colleges only—members of both teams will be allowed one additional pound per day when one team is wrestling on two or three successive days, excluding Sundays. (Maximum of two pounds.) Meets held on Saturday and Monday are considered to be on successive days.

b. *Tournaments.* In tournaments, a one-pound allowance shall be given each day over the weight limit of the previous day (Maximum of two pounds).

Contestants, including heavyweights, shall weigh-in without clothing for dual meets and tournaments.

**Failure to Make Weight** SECTION 7. Any contestant failing to make weight at the minimum time shall be ineligible for that weight class. If a contestant fails to weigh-in on the first, second or subsequent day of a tournament after having qualified for such tournament, a forfeit shall be awarded his opponent and points for the forfeit and advancement shall be scored. (See Rule 4, Sec. 9e.)

**Medical Examinations** SECTION 8. At the time of weigh-in on the opening day of the annual National Collegiate Championships, a physician or physicians shall be present to examine all contestants for communicable diseases. In other tournaments and meets, it is recommended that a similar examination of all contestants be made at the time of weigh-in and the presence of a communicable disease or any other condition which in the opinion of the examining physician makes the participation of that individual inadvisable, shall be full and sufficient reason for disqualification.

# Rule 4

## CONDUCT OF MATCHES AND TOURNAMENTS

### The Matches

**Notification And Agreement** SECTION 1. All modifications of rules of competition, "ground rules," etc., proposed by the home coach, must be submitted to the coach of the visiting team, or teams, a sufficient length of time before the date of the meet for agreement to be reached on same, and no such action is binding unless approved by the visiting team or teams.

NOTE—In case the coaches concerned are unable to agree on a shorter maximum weighing-in time than the five hours specified as the maximum in these rules, it is understood that the maximum amount of time as specified in the rules shall hold.

The home management shall notify visiting teams at least 10 days prior to the date of the meet the exact time and place of the meet and the name of the Referee.

**Intentional Delay** SECTION 2. The home team's contestant shall be sent onto the mat first and he cannot be withdrawn or replaced. A team intentionally delaying its appearance on the mat beyond five (5) minutes of established meet starting time shall have one team point deducted.

**Length of Matches** SECTION 3. All regular matches shall be eight minutes in length divided into three periods with the first period two minutes and the second and third periods three minutes each. The first period will start with both contestants standing opposite each other on the green or red area of the 10-foot circle. The wrestlers will come forward,

shake hands and step back to their designated areas and when the Referee sounds his whistle, begin wrestling. A fall during this or either subsequent period terminates the match. If neither contestant secures a fall in the first period, the Referee shall recess the match and place the wrestlers in the starting position on the mat (Rule 2, Sec. 14) with the appropriate contestant in the position of advantage (Sec. 5 this rule). The second period shall be started immediately by the Referee's whistle. If no fall occurs during this second period, upon its expiration, the Referee shall again recess the match, place the contestant who started the second period in the position of advantage underneath and start the third period as before.

NOTE—In matches involving sight handicapped wrestlers, a finger touch method shall be used in the neutral position and initial contact be made from the front. (Illustration No. 3).

#### HIGH SCHOOL MODIFICATION

The matches shall be six minutes in length, divided into three periods of two minutes. No rest is allowed. The matches shall be conducted in the same manner as set forth above.

#### End of Match

SECTION 4. If no fall occurs during the final period and after the match is concluded, wrestlers will return to and remain on their respective (green or red) areas while the Referee checks with the scorers and timers table. Upon the Referee's return to the mat, the contestants will shake hands and the Referee will declare the winner in accordance with Figs. 20 and 21. The time of the match is continuous except when the Referee stops and starts a match.

Failure to comply with end-of-match procedure, after being directed to do so, shall result in penalty points being assessed in dual meets and tournaments. The match is not ended until the Referee declares the outcome of the match with both contestants remaining on the mat. Failure to comply shall constitute unsportsmanlike conduct.

#### Choice of Position

SECTION 5. a. *Dual Meets.* Immediately before the contest starts, the Referee shall call the captains to the center of the mat and decide by the toss of a coin which team has the choice of position at the start of the second period in each weight class. The winner of

the toss may choose the odd or even number of the weight classes listed consecutively. The choice of odd or even matches in dual meets is not altered in case of a fall, default, forfeit or disqualification.

- b. *Tournaments.* Immediately following the end of the first period, the Referee shall determine which wrestler has the choice of position at the start of the second period, by toss of a coin or disc.

**Overtimes** SECTION 6. In tournament competition when the match ends in a tie in points, the contestants shall wrestle three extra periods of one minute each (consolation matches included) starting the first of these periods on the feet and conducting the entire overtime as in a regular match.

The choice of position shall be determined by the toss of a coin. There shall be a one-minute rest between the regular match and the first overtime period and no rest between the first, second and third overtime periods. The points and time-advantage are not cumulative throughout the match and overtime periods, and only the points and time-advantage scored in the overtime period shall be counted in determining a winner. Warnings, cautions and stalling points do carry over into the overtime. A jury of two judges and the Referee shall observe the overtime periods. When there is a tie in points at the end of the overtime, a jury, consisting of two judges and the Referee, shall select the winner by ballot without any consultation and the match shall be awarded to the contestant who has shown superior wrestling ability in the overtime periods. The signed ballots of the jury shall be recorded on the score sheet. The criteria for determining superior wrestling ability are attempts to secure falls, takedowns, reversals and escapes along with the maintenance of control.

NOTE—See Rule 7, Sec. 3.

NOTE—Three judges may be used in which case the Referee would not vote in the event of a tie. A Sample judges card is shown on page WR-20.

### **Consolation Matches**

SECTION 7. Consolation matches shall consist of three two-minute periods conducted in the same manner as regular matches in championships.

RECOMMENDED JUDGES OVERTIME BALLOT

**HIGH SCHOOL MODIFICATION**

Consolation matches shall consist of three periods; the first of which will be one minute in length and the second and third two minutes each in length.

**Control of  
Mat Area**

SECTION 8. a. All personnel, other than actual participating contestants, shall be restricted to an area reserved for such use. This area shall be at least 10 feet from the mat and scoring table.

- b. During tournaments a maximum of two team personnel will be permitted in the restricted area.

**HIGH SCHOOL MODIFICATION**

Coaches are restricted to team benches except during charged timeouts or the end of the match.

**Correction of  
Error**

SECTION 9. a. When an error has been made in positioning a wrestler in the top or bottom position at the start of the third period, all points and time-advantage gained during the third period are cancelled. Following a rest period of one minute, the period shall be re-wrestled. (Errors occurring during first or second periods shall be corrected with wrestling resumed immediately.)

- b. If there is an error on the part of the timekeeper, scorers or Referee, the error shall be corrected and the Referee will then render his decision accordingly. This correction must take place prior to the contestants having left the mat area.

**HIGH SCHOOL MODIFICATION**

An error may be corrected during tournaments prior to the offended wrestler having left the mat area, and in dual meets, prior to the start of the next match.

- c. When a coach believes the official has misapplied a rule (other than questioning judgment), he may approach the officials table, request that the match be stopped when there is no significant action, and discuss the matter with the Referee directly in front of the officials table. Both wrestlers shall remain on the mat. At the time the match is stopped, the timer will note and record the amount of time consumed

for the conference. If there was an error, the Referee will make the necessary adjustments, explain to the opposing coach and wrestling will be immediately resumed. If there was no error, the amount of time consumed for the conference will be deducted from the wrestler's injury time and wrestling will be resumed.

**HIGH SCHOOL MODIFICATION**

Filming (Video-Tape) is prohibited during tournaments, except as authorized by State Associations.

## Tournaments

**Administration** SECTION 10. a. Failure to verify entries by the stipulated deadline will result in disqualification from a tournament. Contestants thereafter failing to make verified weight will not be allowed to participate in another weight classification.

NOTE—Submitting names on entry form does not constitute verification.

- b. Contestants will be allowed a maximum of five (5) minutes to appear ready to compete at the specified mat. Failure to appear will result in forfeit to opponent.
- c. Defeat due to injury in a tournament does not eliminate a contestant from further competition.
- d. In case of injury or illness, the host school's physician, in consultation with the chairman of the Rules Committee, will rule on contestant's ability to continue. Extenuating circumstances concerning any injury or illness as it relates to defaults and forfeits will be considered by the Rules Committee or Tournament Committee. All tournaments shall have a Tournament Committee.
- e. A forfeit will eliminate a contestant from further competition in tournaments.
- f. A disqualification may eliminate a contestant from further competition in tournaments. (See Note under Penalty Chart.)
- g. Any contestant who fails to check in or to make weight each

day of a tournament is ineligible for further competition and cannot place in the tournament.

- h. No contestant shall wrestle two matches in any tournament with less than one (1) hour rest between such matches.

**NOTE**

In case of unavoidable circumstances affecting weigh-in or schedule of matches. (See Rule 8, Sec. 3i.)

- i. The Rules Committee recommends that medals and team trophies be formally presented in a ceremony made as impressive as possible.
- j. Any conference or other tournament may be conducted under any bracketing agreed upon by participating schools.

**Mat Judges,  
Number**

SECTION 11. In all tournament semifinal championship and championship consolation matches, two mat judges shall be assigned to assist the Referee. Majority vote of the Referee and two judges will prevail.

**HIGH SCHOOL MODIFICATION**

By State High School Association adoption, mat judges may be utilized in tournaments.

**Mat Judges  
Procedure**

SECTION 12. The use of two mat judges is designed to minimize human error inasmuch as three qualified officials will be involved in matters of rule application and judgment. Judges will be seated near mat opposite green and red areas, and are authorized to move along mat edge to observe significant action. The Referee will be in complete control of the match and when questions arise, he will take action as outlined below.

- a. Disagreement by either mat judge will be indicated utilizing the appropriate signal and disc in gaining the attention of the Referee.
- b. When only one mat judge stands, the Referee will not recognize him if not in agreement.
- c. When both judges stand, the Referee will stop the match as soon as it is practical and indicate Referee's time-out. The referee will avoid interrupting the match while significant action is in progress.
- d. When necessary, the judges and Referee will meet quickly in front of scorers' table to discuss the disagreement.
- e. Agreement will be reached by majority vote of the Referee and two judges.
- f. A judge may support, disagree or have no opinion relative to a decision. However, the Referee's vote shall prevail in the event of a tie.
- g. When a decision is reached, the Referee will inform the scorers' table of any change in the match scoring.
- h. The Referee and two contestants are the only individuals permitted to step onto the wrestling mat. Coaches are not permitted to address the judges.

**Places Scored** SECTION 13. In tournaments awarding four places, the loser in the final first-place match shall automatically take second place. The winner in the final consolation match shall be awarded third place and the loser fourth place. In tournaments where six places are scored, the defeated wrestlers in the consolation semifinals shall wrestle for fifth and sixth places.

**Drawings** SECTION 14. Immediately after the verification of entries, drawings will be made in accordance with the graphic illustration as provided in Sec. 17 of this rule.

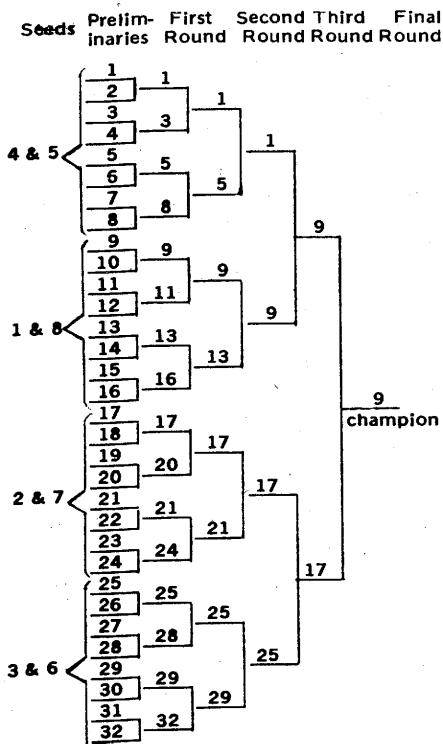

**Seeding** SECTION 15. Whenever there are two outstanding contestants in any class, the name of one of these contestants shall be placed in the upper half of the drawing bracket and the name of the other in the lower half. In case several seeded men are of equal ability, their seeded positions shall be determined by drawing.

If there is one outstanding wrestler in any class and also two others who are distinctly superior to the remainder in that class, those wrestlers should be seeded in different quarter brackets of the opposite half bracket from the outstanding wrestler. A seeded contestant shall have the same opportunity to draw for the byes as other contestants in his bracket.

Usually, consideration for determining seeded wrestlers is given to: (a) a returning champion or runnerup, (b) a contestant with an undefeated season record, and (c) a contestant with an exceptional record against acknowledged strong opposition.

**Byes** SECTION 16. When the number of competitors is not a power of two (that is, 4, 8, 16, 32, 64) there shall be "byes" in the first round. The number of byes will be equal to the difference between the number of competitors and the next higher power of two. The number of pairs which meet in the first round shall be equal to the difference between the number of competitors and the next lower power of two. There will be no byes after the first round and no further drawing is necessary for the first place or consolation rounds. The byes, if even in number, shall be equally divided between top and bottom. If the number of byes be uneven, there shall be one more bye at the bottom than at the top, as shown in Sec. 17 this rule.

SECTION 17. *Graphic Illustration of Drawings and Seedings*

When using a 32-man bracket, if byes are drawn, they will take their places as shown in the first round column as follows:

First bye - Line 32

Second bye - Line 1

Others, in order - Lines  
 17, 16, 28, 5, 21, 11, 29,  
 3, 25, 8, 24, 9, 20

When using a 16-man bracket, byes will take their places in the same order as shown in the second round column.

- No. 1 seeded man draws for possible positions 9 through 16 in 2nd quarter.
- No. 2 seeded man draws for possible positions 17 through 24 in 3rd quarter.
- No. 3 seeded man draws for possible positions 25 through 32 in 4th quarter.
- No. 4 seeded man draws for possible positions 1 through 8 in 1st quarter.
- No. 5 seeded man draws for position in opposite half of 1st quarter.
- No. 6 seeded man draws for position in opposite half of 4th quarter.
- No. 7 seeded man draws for position in opposite half of 3rd quarter.
- No. 8 seeded man draws for position in opposite half of 2nd quarter.

If seedings hold true, quarterfinals should pit No. 4 against No. 5, No. 1 against No. 8, No. 2 against No. 7, and No. 3 against No. 6.

Consolation Pairings

- 2 represents first man defeated by quarter-final winner 1
- 3 represents second man defeated by quarter-final winner 1
- 5 represents third man defeated by quarter-final winner 1
- 10 represents first man defeated by quarter-final winner 9
- 11 represents second man defeated by quarter-final winner 9
- 13 represents third man defeated by quarter-final winner 9
- 25 represents loser of championship semi-final in lower half of bracket.
- Loser of consolation final (1) places fourth.
- Losers of consolation semi-finals (5 and 29) compete for fifth place;  
 Loser of this bout places sixth.
- Losers of consolation quarter-finals (13 and 21) compete for seventh place;  
 Loser of this bout places eighth.

**CHAMPIONSHIP**

**CONSOLATION**

**Contestants Eligible for Third Place Matches** SECTION 18. a. Immediately after completion of the first quarterfinal match in each weight, consolation rounds shall start among all contestants defeated by the winner of this quarterfinal match. At the conclusion of the championship semifinals, the losers of those semifinals shall be cross-bracketed into the consolation semifinals (See b. following.)

After completion of the second, third and fourth quarter-final matches in the same weight, the same plan shall be followed as indicated in the preceding paragraph.

- b. Consolation matches to determine third place and subsequent places shall be conducted in accordance with the original first round drawings. Therefore, those eligible for the third place consolations should be matched in the order in which they were defeated by the semifinalists in this quarter-bracket.

The winner of the consolation matches involving eligible wrestlers from the first quarter-bracket should be matched with the winner of the consolation matches involving eligible wrestlers from the second quarter-bracket. The winner of this match should be paired with the loser of the championship semifinal bout in the *lower half* of the bracket (cross-bracketing) in the consolation semifinals. The same procedure should be followed with the consolation winners from the third and fourth quarters, the winner being matched against the semifinal loser from the *upper half*.

The eligible contestants are designated in a. of this section.

- c. In the event two wrestlers who have competed against each other previously in the tournament are paired again for either third place or for fifth place, the matches shall be wrestled and scored as if they had not met previously.

### Example

SECTION 19. Referring to the Graphic Illustration under Sec. 17, those eligible for the third-place rounds are 2, 3 and 5 from the first quarter; 10, 11 and 13 from the second quarter and 25 as the loser of the championship semifinal in the lower half; plus 18, 20 and 21 from the third quarter; 26, 28 and 29 from the fourth quarter and 1 as the loser of the championship semifinal in the upper half. Only the semifinal losers are cross-bracketed.

We will assume that 2 wins from 3 and 5 wins from 2; that 10 wins from 11 and 13 wins from 10, that 18 wins from 20 and 21 wins from 18; that 26 wins from 28 and 29 wins from 26.

5 then wins from 13 and is matched in the consolation semifinals against 25. 29 wins from 21 and is matched in the consola-

tion semifinals against 1. The winners of the consolation semifinals compete for third and fourth places and the losers compete for fifth and sixth places.

All third-place and fifth-place matches shall be conducted prior to the first-place championship matches.

## National Collegiate Championships

In case of injury or other extenuating circumstances, it is the responsibility of the coach of the contestant unable to compete to notify the National Collegiate Championships Tournament Director and *those who placed no more than two places below the number of qualifiers from that tournament* (Example—With four qualifiers from a tournament, the fifth and six-place finishers become alternates). Alternates are encouraged to stay in condition and be ready to compete.

**Seeding** SECTION 28. Qualifiers to the National Collegiate Championships will be seeded and drawn in each bracket. (See Rule 4, Sec. 17.)

## INFRACTIONS

**Abusive or Unsportsmanlike Conduct** SECTION 1. Conduct of coaches, contestants or team personnel (manager, trainer, physician, etc.) which becomes abusive, unsportsmanlike or interferes with the orderly progress of the match is subject to penalty *without* warning. This includes abusive language used during and following a match. The home management shall be responsible for the removal of violators at the request of the Referee. Spectators may be removed from the premises without penalty. (See Penalty Chart.)

### HIGH SCHOOL MODIFICATIONS

1. Misconduct by either wrestler is a technical violation and includes swearing, baiting an opponent, throwing the headgear, or indicating displeasure with a decision. Penalty—one match point awarded to the opponent.

2. Abuse or unsportsmanlike conduct during or immediately following a match includes any conduct which becomes abuse, unsportsmanlike, or interferes with the orderly progress of the match. Penalty—deduct one team point.

**Flagrant Misconduct** SECTION 2. If, in the opinion of the Referee, the unnecessary roughness or abusive conduct is of a flagrant nature before, during or after the match, the contestant is disqualified on first offense. One team point is deducted from the offending wrestler's team score. The penalty for flagrant misconduct by coaches or contestants is removal from the premises with one team point deducted. A contestant so disqualified in tournament competition is not entitled to placement points but will be credited with advancement and fall points earned prior to the incident with other contestants remaining in their respective positions.

**HIGH SCHOOL MODIFICATION**

Flagrant misconduct, such as striking an opponent or continuing unnecessary roughness, will be penalized on the first offense by the deduction of one team point and the disqualification of the offender.

**Foreign Substance On Skin** SECTION 3. The use of oil or greasy substances which cannot be completely removed shall be grounds for disqualification at the discretion of the Referee. Time out for the removal of such foreign substances shall be cumulative with the time out for injuries throughout the match. The total time out shall not exceed three minutes. (See Rule 7, Sec. 4.)

NOTE—This provision is applicable when contact lens are dislodged or lost during a match.

**Unnecessary Roughness** SECTION 4. Either before, during or following a match, intentional striking, gouging, kicking, hair pulling, butting, elbowing, biting, or an intentional act which endangers life or limb shall be penalized. (See Penalty Chart, Note 2.)

## Holds

**Illegal** SECTION 5. Any hold shall be allowed except the hammerlock above the right angle; the twisting hammerlock; front headlock; headlock without the arm; the straight head scissors (even though the arm is included); over-scissors; full (double) nelson; strangle holds; all body slams; toe holds; twisting knee lock; key lock; overhead double arm bar; the bending, twisting or forcing of the head or any limb beyond its normal limits of movement; locking the hands behind the back in a double arm bar from the neutral position; full back suplay from a rear standing position and any hold used for punishment alone. (See illustrations Nos. 9 through 36.)

**NOTES**

1. Contestants may grasp all four fingers in an effort to break a hold, but pulling back the thumb, or one, two or three fingers is illegal.

2. The term "slam" is interpreted as lifting and bringing an opponent to the mat with unnecessary roughness. This infraction may be committed by a contestant in either the top or bottom position on the mat as well as during a takedown. When a contestant lifts his opponent off the mat and brings him forcibly to the mat with the upper half of the body coming in contact with the mat first, a slam will be called. A forceful trip may be considered as unnecessary roughness. Slams shall be called without hesitation following situation occurring.
3. An intentional drill or forceful fall-back is illegal when the defensive wrestler is in a standing position and the offensive wrestler has a scissor hold or a cross body ride.
4. A leg hooked over the top toe of an opponent's straight body scissors is interpreted as an over-scissor and therefore illegal.
5. *A wrestler applying a legal hold should not be penalized when his opponent turns the legal hold into an illegal hold.* The Referee shall cause the hold to be released if there is a danger of injury. However, the match need not be stopped unless the Referee finds it necessary to do so in order to correct the situation.
6. *Whenever possible an illegal hold should be prevented rather than called.*
7. The three-quarter nelson is not to be interpreted as a headlock.
8. Pulling the head over the shoulder with hands locked or overlapped is not to be interpreted as a headlock.
9. The double arm bar is legal while in a neutral position if hands are locked at the side. (See Illustration 20.)

**Potentially  
Dangerous**

SECTION 6. The double wristlock, chicken wing, split scissor, guillotine, when being applied with arm forced beyond normal range of movement, and other holds which may cause injury when used legally are considered potentially dangerous holds. (See Illustrations Nos. 10, 11, 29, 30 and 31.)

Contestants should know the dangers of these holds and the blocks for them. The Referee should anticipate danger of injury from these holds and be in position to block them before they reach the danger point. Furthermore, all Referees, coaches and contestants should understand that any and all holds used in such a way as to endanger life or limb are illegal and all Referees should verbally caution contestants against forcing a potentially dangerous hold into an illegal position.

The chicken wing is a legal but potentially dangerous hold. When the hand of the defensive wrestler goes behind the back

with parallel pressure to the long axis of the body, it becomes a twisting hammerlock and is illegal. (See illustrations No. 29, 30, 31 and 32.) The double wristlock and chicken wing become illegal when forced into a twisting hammerlock position as in the case of applying the force parallel instead of perpendicular to the long axis of the body.

*No contestant should ever be put in a position where he must forfeit a neutral position, a position of advantage or a fall because of an injury or danger to life or limb.* The Referee should promptly stop any and all holds which in his opinion are for punishment alone. If a legitimate hold is forced to such an extent as to endanger a contestant, or if it becomes a punishing hold, the Referee shall stop the match and require the hold to be broken. No penalty points should be awarded. The match shall be resumed in the neutral or starting position on the mat as determined by the position held at the time the match was stopped.

Any holds over the mouth, nose, eyes or front of the throat shall not be permitted. Pressure from the side of the hand, forearm or wrist is considered a hold and therefore barred when used on the mouth, nose, eyes or front of the throat. Forcing such a hold may be considered unnecessary roughness depending on the intent of the act as determined by the Referee and shall be penalized accordingly. (See Illustrations Nos. 33 through 36.)

## Technical Violations

### Stalling

SECTION 7. a. It is the responsibility of contestants, officials and coaches to avoid the use of stalling tactics or allowing the use thereof. Action is to be maintained throughout the match by the contestants making an honest attempt to stay in the circle and wrestle aggressively whether on the top, bottom or neutral positions. This concept shall be demonstrated by those responsible with strict enforcement by officials. A stalling penalty is preceded by a warning and there shall be only one warning per contestant per match, including overtime.

When an official *recognizes* stalling occurring at any time and in any position, he will warn the offender and thereafter violations will be penalized when stalling recurs. *These provisions require the Referee to penalize stalling without hesitation.*

- b. *Neutral Position*—Each wrestler must make an honest attempt to stay within the 10-foot circle and maintain an attack to secure a takedown regardless of the time or score of the match. A contestant who continually avoids contact with his opponent is stalling. A contestant may leave the circle to maneuver for position provided he continues his attempt to gain a takedown and make an effort to work back into the circle. Taking a position near the edge or allowing his opponent to push him off the mat when the opponent makes an effort to go behind, is stalling.
- c. *Advantage Position*—The contestant in the advantage position on the mat shall make an honest attempt to wrestle aggressively and attempt to secure a fall. Intentionally releasing an opponent is not considered stalling unless the contestant in position of advantage is not wrestling aggressively. The released wrestler is to be allowed reaction time before a takedown can be attempted. The responsibility to improve the position in the rear standing position lies with the offensive wrestler. Failure to attempt to take your man back to the mat should be treated as stalling.
- d. *Holding Legs*—It is stalling when the wrestler in the advantage position on the mat grasps the defensive wrestler's leg or legs with both hands or arms unless such action is designed to break his adversary down for the purpose of securing a fall or to prevent an escape or reversal. Repeatedly grasping and holding the leg or legs with both hands or arms merely to break the defensive wrestler down or to keep him under control is a violation under this rule. When the defensive wrestler has gained his feet, the wrestler in the advantage position is allowed reaction time to begin his breakdown when he is holding a leg or legs with both hands or arms. Continually grasping or interlocking hands around a leg resulting in a stalemate situation is to be considered stalling.
- e. *Defensive Position*—Refusing to wrestle aggressively in the defensive position is stalling and shall be penalized as a technical violation. Referee will give both visual and verbal warning *without stopping* the match. (See Penalty Chart.)

NOTE—When there is no action in the mat position, the responsibility for initiating action rests with both wrestlers.

f. *Delaying Match*—Delaying the match such as straggling back from out-of-bounds, unnecessarily changing the adjusting equipment is stalling and shall be penalized as stalling.

### **Interlocking Hands**

SECTION 8. The wrestler in the position of advantage may not interlock or overlap his hands, fingers or arms around his opponent's body or both legs unless his opponent has all of his weight supported entirely on his feet or he has him in a pinning situation. The mere touching of the defensive wrestler's hands to the mat is not considered a change in this position unless the hands are used as support parts, in which case, the offensive wrestler is allowed reaction time to release the lock. It is unsportsmanlike for the defensive wrestler to touch his hands to the mat in order to release the offensive wrestler's lock and the Referee shall not call a violation if the lock is held in such cases. (See Illustrations Nos. 37 through 40 and Fig. 15.)

NOTE—The Referee shall not stop action when signaling the violation when the defensive man is in the process of a reversal or escape. The defensive man is allowed to complete the reversal or escape provided he does so in a continuous maneuver. If the defensive man fails to complete the reversal or escape after an opportunity to do so, the Referee shall stop the match and award the penalty. (See Penalty Chart and Fig. 15.)

NOTE—It is recommended that, by mutual consent of the coaches, you experiment with locking hands around the body and legs. The Referee is to beware of stalling in this position.

### **Leaving Mat Without Permission**

SECTION 9. It is a technical violation to leave the mat without first receiving permission to do so from the Referee.

### **False Starts & Starting Positions**

SECTION 10. Assuming incorrect starting position and making false starts after a verbal caution are technical violations.

**Going Off  
The Mat**

SECTION 11. Going off the mat or forcing his opponent off the mat any time by either wrestler, as a means of avoiding wrestling, is a technical violation. Such points will not be awarded in situations where near-fall points are earned.

**Grasping  
Clothing**

SECTION 12. Grasping of clothing, mat or mat cover or headgear by a contestant is prohibited, and any advantage gained thereby shall be nullified. Grasping clothing to prevent or gain an escape, reversal, takedown or fall is a technical violation.

NOTE—(Treat same as Note under Sec. 8.)

## PENALTIES AND WARNINGS INJURIES AND DEFAULTS

### Penalties and Warnings

#### Penalty Chart

SECTION 1. The infractions of the rules are penalized in accordance with the penalties as listed on the Penalty Chart.

#### Indicating Infractions

SECTION 2. When indicating an infraction, the Referee shall stop the match, except when warning and penalizing the defensive wrestler for stalling, give the hand signal to indicate the points or warnings (Figs. 11 and 12) and announce the penalty so the contestants, scorers, coaches and spectators are aware of the infraction.

#### HIGH SCHOOL MODIFICATION

The match will not be stopped when warning either wrestler for stalling, but will be stopped when penalizing either wrestler.

#### Warnings and Sequence of Penalties overtime.

SECTION 3. The Penalty Chart indicates the sequence of warnings and penalties and they are accumulative throughout the match including overtime.

### Injuries and Defaults

#### Time Out

SECTION 4. An injured contestant is entitled to a maximum time-out of three minutes which

is cumulative throughout the match, including the overtime. There shall be no limit to the number of time-out periods which may be taken in any match, but the total time-out shall not exceed three minutes. If, at the expiration of the time-out, he is able to continue wrestling, the match shall be resumed as if the contestants had gone out-of-bounds. Nose bleed or any other excessive bleeding shall not be interpreted as an injury and the number and length of time-out periods for such bleeding is left to the discretion of the Referee.

**Unconscious** SECTION 5. If a contestant is rendered unconscious, he shall not be permitted to continue after regaining consciousness without the approval of a physician. If the injured contestant is unable to continue wrestling, the match shall be awarded in accordance with Secs. 6 and 7 of this rule.

**Accidental Injury** SECTION 6. If a contestant is accidentally injured and is unable to continue the match, his opponent shall be awarded the match by default.

**Injury from Illegal Action** SECTION 7. If a contestant is injured by any illegal action to the extent that he is unable to continue following a maximum of three minutes rest, the match shall be defaulted to the injured contestant. In case of an intentional attempt to injure an opponent, the offender shall be disqualified. Time-out for injury because of an illegal hold *does not count* against an injured wrestler's injury time. (Max. three minutes.) (See Rule 6, Sec. 4, and Penalty Chart for Flagrant Misconduct.)

**Attendants During Time-Out** SECTION 8. No more than two attendants and a physician shall be permitted on the mat with the wrestler during time-out.

#### REMINDER:

Penalties for all infractions are accumulative throughout the match including overtime.

\*Note 1—Disqualification due to technical violation, illegal holds, or less flagrant unnecessary roughness does not

eliminate a contestant from further competition in tournaments. Disqualification for any other reason eliminates a contestant from further competition in tournaments.

\*\*Note 2—Points for unnecessary roughness may be awarded in addition to points earned.

EXAMPLE—Wrestler "A" in first period locks hands — penalty, 1 pt. Second period, he uses illegal hold — penalty, 1 pt. Later in second period he is warned for stalling. In third period, he is called for stalling again — penalty, 2 pts. Later in third period he locks his hands — penalty, disqualification.

\*\*\*Note 3—Verbal cautions for false starts and starting position are not to be recorded as warnings.

**Nos. 1 and 2—FRONT AND REAR VIEW OF SHIRT AND UNIFORM**

*This shows front and rear view of official shirt. Any shirt with more exposure is illegal.*

**No. 3—TOUCH START (Sight Handicapped)**

*Each contestant shall have fingers of one hand over and the fingers of the other hand under his opponent's fingers. Fingers shall not extend beyond the knuckles.*

**Nos. 4 and 5—STARTING POSITION**

*As required in Rule 2, Sec. 14, a and b. (Note starting lines, Rule 1, Sec. 6.)*

**Nos. 6 and 7—CONTROL**

*Illustration demonstrates control following allowance for reaction time.*

**No. 8—CONTROL**  
*Illustration demonstrates control  
 by controlling the top leg.*

**No. 9—ILLEGAL HAMMERLOCK (ABOVE RIGHT ANGLE)**

*The hammerlock is a legal hold, provided the arm is not bent above the right angle (i.e., provided that the arm is not carried above the small of the back); and provided, further, that the hand is not forced out away from the body, making it a twisting hammerlock. In this illustration the arm is carried distinctly above the right angle and is illegal.*

**No. 10—ILLEGAL DOUBLE WRISTLOCK ON THE MAT**  
*This cut shows double wristlock turned into a typical twisting hammerlock that will injure opponent's shoulder if the arm is forced upward, unless opponent turns with the pressure, which often he is unable to do promptly enough to prevent injury to the shoulder.*

**No. 11—LEGAL DOUBLE WRISTLOCK ON THE MAT**  
*The double wristlock on the mat is legal if the direction of the force is perpendicular to the long axis of the body.*

→  
**No. 12—ILLEGAL FRONT  
 HEAD LOCK**

*Illustration shows how the front head lock is used to counter a leg pickup. This hold is dangerous and is illegal.*

←  
**No. 13—ILLEGAL HEAD-  
 SCISSORS**

*This straight scissors on the head is illegal.*

→  
**No. 14—LEGAL HEAD-  
 SCISSORS (FIGURE 4  
 HEAD-SCISSORS)**

*The figure 4 Head-Scissor is considered legal when taken as shown, with the hold on either side of the face.*

←

**No. 15—OVER-SCISSORS  
(AN ILLEGAL HOLD)**

*The over-scissors is barred entirely under these rules because it is only a punishing hold and is of no value unless defensive contestant who uses it is allowed to force the hold, which thereby endangers the ankle and knee of his opponent.*

**No. 16—STRAIGHT  
BODY SCISSORS—  
LEGAL HOLD**

**Nos. 17a and 17b—ILLEGAL  
TWISTING KNEE LOCK**

*This shows a twisting knee lock. It is an illegal hold (Rule 6, Section 5). The Referee should anticipate the danger of injury from this hold and be in a position to block it before it reaches the danger point. (See Rule 6, Sec. 5, Note 6.)*

→  
**No. 18—LEGAL FOOT  
 (IN-STEP) HOLD**

*The defensive wrestler may grasp the instep, heel or ankle in his effort to escape, providing the pressure is not such as to endanger the ankle, knee or hip joint.*

←  
**No. 19—ILLEGAL TOE-  
 HOLD (ALSO TWISTING  
 KNEELOCK WHICH IS  
 MORE DANGEROUS  
 THAN TOEHOLDS)**

*All toeholds, regardless of the degree to which the leg is twisted, are illegal under these rules. Any pressure against the knee joint as shown by the above illustration constitutes an illegal hold.*

**No. 20—LEGAL (left) and ILLEGAL (right) DOUBLE ARM BAR**  
*Locking hands behind the back in a double arm bar from neutral position. Note that the double arm bar is legal when hands are locked at side (under armpit).*

**No. 21—ILLEGAL HEAD LOCK**  
*Locking the arm around the head.*

**No. 22—LEGAL HEAD LOCK**  
*Opponent's arm is included in the lock.*

**No. 23—A LEGAL HOLD**  
*Pulling the head over the shoulder with hands locked or overlapped.*

**No. 24—THREE-QUARTER NELSON,**  
**A LEGAL HOLD**

→  
**No. 25—FULL NELSON—  
 AN ILLEGAL HOLD**

*The top wrestler places both arms under his opponent's arms and places both hands behind neck and/or head.*

←  
**No. 26—LEGAL GUILLO-  
 TINE**

*Arm is locked around oppo-  
 nent's head or neck.*

**No. 28—ILLEGAL OVER-  
 HEAD DOUBLE ARM BAR**

*This hold is illegal when used  
 as shown below either with or  
 without the scissors and ap-  
 plied with either one or both  
 arms.*

**No. 27—POTENTIALLY DAN-  
 GEROUS GUILLOTINE**

*When applying the guillotine, forc-  
 ing the arm beyond normal range  
 of movement parallel to the long  
 axis of the body is to be interpret-  
 ed as potentially dangerous.*

**No. 29—LEGAL CHICKEN WING**  
*No evidence of illegal pressure or twisting hammerlock.*

**No. 30—ILLEGAL CHICKEN WING**  
*Pressure (force) parallel to the long axis, regardless of whether defensive wrestler's hand is in front or back, makes this an illegal hold.*

**No. 31—POTENTIALLY DANGEROUS CHICKEN WING**  
*While pressure (force) is neither parallel no perpendicular to defensive wrestler's long axis, possible twisting hammerlock causes hold to become potentially dangerous.*

**No. 32—LEGAL CHICKEN WING**  
*This illustrates a legal chicken wing showing the hand held in front of the body.*

←

**No. 33—LEGAL BLOCKING ON FACE (ON CHIN)**

*Blocking on chin or forehead is legal.*

→  
**No. 34—ILLEGAL BLOCKING ON FACE (ON FACE PROPER)**

*This form of blocking is illegal because it is over mouth, nose and eyes, in contrast to position in No. 32.*

**No. 35—A LEGAL CROSS FACE**

*It is an effective and legal block for the double leg pick-up.*

**No. 36—ILLEGAL (above) and LEGAL (below) FACE HOLD**

←

**No. 37—INTERLOCKING OF HANDS AROUND THE BODY**

*A Technical Violation. Offensive wrestler is not allowed to lock (overlap) hands, fingers, wrists or arms around body while defensive wrestler is supported by parts other than his feet.*

→  
**No. 38—LEGAL USE OF THE HANDS IN WAIST-LOCK**

*This shows the legal use of the hands of the top man. The defensive contestant's supporting parts, except feet, are clearly off the mat.*

←

**No. 38—LEGAL USE OF HANDS IN BODYLOCK**

*This complete bodylock is legal because defensive wrestler is in a standing position. This hold would be a technical violation if defensive wrestler had one or both knees on the mat.*

**No. 40—INTERLOCKING OF HANDS AROUND LEGS**

*This position is a technical violation.*

# Referees' Signals

The signals illustrated on the following pages are standard for wrestling Referees throughout the nation. It is the duty of every Referee to know these signals in order to give them instantly and clearly so that the wrestlers, timers, scorers and spectators are aware of what is taking place during the progress of the match.

## The Use of the Whistle

**SECTION 1.** The whistle should be held ready for immediate use at all times during the match.

→  
**Fig. 1—Shaking Hands and Stepping Back.** After the officials indicate they are ready at the table, the Referee directs the wrestlers to shake hands, step back to their designated areas, and be ready to wrestle when the whistle sounds.

**Fig. 2—Designating The Position Of The Wrestlers Before The Start Of The Match.** As the wrestlers come onto the mat, the Referee points to the areas they are to take on the circle (green for the home team, red for the visiting team). He next points one hand toward the timers and scorers to verify their readiness. Note—After an out-of-bounds, wrestlers return to designated areas. The Referee raises his hand forward between two wrestlers. After a momentary pause to make certain the wrestlers are ready, he sounds his whistle and simultaneously moves his hand as a signal for the wrestlers to go into action.

Figs. 3, 4 (below left) and 5 (below right)—Resuming The Match in The Starting Position On the Mat. The Referee can move to any position when starting the wrestlers, and is encouraged to be out of view of the wrestlers. The Referee may give a preparatory command such as "Get Set" or "ready." When the wrestlers are in proper positions, Rule 2, Sec. 14 and after a momentary pause the Referee sounds his whistle and moves his hand to start the action.

**Fig. 6—Stopping The Match For Out-Of-Bounds.** When the contestants are out-of-bounds (Rule 2, Sec. 8) the Referee stops the match and extends both arms horizontally to the same side toward the out-of-bounds. The Referee places himself in the most advantageous position to determine the out-of-bounds and stops the match immediately when the out-of-bounds occurs.

**Fig. 7—Stopping The Match.** The Referee blows his whistle and extends his hand to stop the watch.

→  
**Fig. 8—Declaring A Neutral Position Standing After Out-Of-Bounds.** When the contestants are out-of-bounds (Rule 2, Sec. 8) and neither is in an advantage position, the Referee stops the match as in Fig. 5 and signals a Neutral position. The upper arms are front horizontal, both forearms are vertical and the hands are extended upward.

←  
**Fig. 9—Indicating A Neutral Position During A Scrimmage For A Take-Down.** Both arms are extended sideward slightly below the horizontal with the palms of the hands down. The Referee moves his hands back and forth bringing them together and moving them away while verbally announcing "no advantage."

**Fig. 10—**Indicating Retention Of Advantage. Whenever there is any doubt as to the contestant in the advantage position, the Referee should indicate the contestant in the advantage position by pointing to him with one hand. The Referee will keep his other hand down and along his leg so that there will be no confusion as to whether any points are awarded.

**Fig. 11—**Awarding Points. One arm and index finger are pointed at the wrestler receiving the points. At the same time the Referee verbally announces the award and the name of the team receiving it as he raises his opposite arm to a near vertical position, indicating with extended fingers the number of points awarded.

**Fig. 12—**Warning And Indicating A Violation. The match is stopped. The index finger of one hand is pointed to the violator. At the same time the Referee verbally announces the penalty and raises the opposite arm with his fist doubled to indicate the "warning" or penalty. Note—For "warning" and penalizing defensive stalling the match is not stopped

**Fig. 13—Scoring A Pinning Situation.** The Referee gets down on the mat in a prone position in the best view of the defensive contestant's back while at the same time trying to keep out of the way of the contestants. The Referee does not signal a score for a "near-fall" until the pinning situation is ended. (Rule 2, Sec. 10) After the situation is finished the Referee extends one arm upward indicating with the fingers the number of points awarded as he directs the index finger of his other hand toward the contestant receiving the points.

**Fig. 14—Calling A Fall.** When the fall (Rule 2, Sec. 5) is imminent the Referee raises one hand about 10 inches. As soon as the fall is completed he quickly strikes the mat with the palm and verbally announces "Fall." The Referee is not to put his hands under the back of the defensive wrestler unless his view of the shoulders is blocked by one or both contestants and it is absolutely necessary for him to feel the back on the mat in order to call the fall (Rule 8, Sec. 3h.)

**Fig. 15—Interlocking Hands, Or Grasping Clothing, During An Escape Maneuver (Rule 10, Sec. 7 a.** When the bottom contestant is in the process of an escape or reversal and the contestant on top locks his hands or grasps the clothing to prevent the maneuver, the Referee indicates the violation by clasping his hands over his head. This signal stops the advantage time for the top contestant, and indicates the violation has occurred but the Referee is allowing the bottom contestant an opportunity to complete the action providing he does so in one continuous maneuver. If the maneuver is successful, bottom contestant gains neutral or top position, the Referee signals the points and the match continues with no interruption. If the bottom contestant fails to complete the maneuver the Referee stops the match and awards the penalty. (See Penalty Chart.)

**Fig. 16—Preventing An Illegal Hold.** (Rule 6, Sec. 5 & Rule 8, Sec. 3g.) The Referee anticipates a potentially dangerous hold and gets in position to block it before it becomes dangerous. He may also verbally caution the contestant against forcing a potentially dangerous hold into an illegal hold.

**Fig. 17—Calling Time Out.** The match is stopped as in Fig. 4. If there is to be a delay in resuming the match, the Referee will indicate "time-out" by extending one hand in a vertical position at right angles to his chest with the ends of the fingers touching the palm of the other hand which is extended in a horizontal position in front of the chest. The Referee announces to the scorers the reason for the time out and to whom it is charged.

**Fig. 18—Calling A Stalemate Situation.** The match is stopped as in Fig. 4. Then the Referee indicates the reason for stopping the match as a stalemate by placing the arms on the chest in a bent position with the fists closed as indicated at the right.

**Fig. 19—Indicating A Potentially Dangerous Hold.**

→  
**Fig. 20—**Indicating An Illegal Hold.

←  
**Fig. 21—**Indicating Stalling By Defensive Wrestler. Match continues.

→  
**Fig. 22—**Declaring The Winner. (Rule 8, Sec. 3j) At the end of the match the Referee orders the wrestlers to shake hands and raises an arm of the winning wrestler.

←  
**Fig. 23—**Declaring A Draw. In case of a tie score at the end of the match in dual meets, the contestants will shake hands and the Referee will raise a hand of each of the contestants.
